Synopsis

You tried to save a life. Now you're fighting to save your own. It's the perfect Sunday. Summer sunshine, a barbecue with the kids. But a knock on the garden gate and two words, "HELP ME", changes everything. When loving parents Rob and Wendy Turner let a dying man into their home, and do their best to help him, they think pure chance led him to their house. But soon their lives are threatened in ways they could never have imagined – and then the first anonymous letter arrives, forcing them to question all they know. Someone is watching. Someone is waiting. They will stop at nothing. Rob and Wendy will do anything to keep their family safe, but their children Georgia, Josh and Evan are teenagers now, with their own hidden lives. Everyone has secrets, but how can you save your family, if you don't really know them? Customer Reviews

A book that grabs you with, at first, subtle yet intriguing menace, then continues to ramp it up into a plausible nightmare. It is the cockiness of the eventual "captors" that both freak us out and, ultimately, seal their not-at-all conclusive fate. SPOILER? I'll try to keep the identities of the participants a secret. There IS one event in this terrific book that raised questions for me. Perhaps it's a British vs American procedural difference, but when one of the vicious, insane murderers who was holding her family captive, attacks one of the family members who'd, against all odds, managed to escape, there was a terrifying, unseen by the others, knife-involved scuffle (the captor was trying to prevent the escaper's escape by stabbing her) that, when the escaper got hold of the knife, and, in SELF DEFENCE, killed the captor, one assumes this would be fine with the others (whom she was now about to save. But, apparently, the WAY the escaper killed the psycho who was trying to kill her (and her entire family) that results in a truly bizarre, to me anyway, family controversy. Apparently, once the escaped one got the upper hand, grabbing the knife, it's the WAY she stabbed and killed the person who was trying to stab and kill HER, that eventually, discovered by another family member, UNCOMFORTABLE.
