# Banger's Ride: Insurgents Motorcycle Club (Insurgents MC Romance Book 5)

## Synopsis

For a Limited Time Hawk's Property, Book 1 in the Insurgents MC Romance Series, is a Bonus Book. Banger, President of the Insurgents MC, isn't looking for a woman to replace his beloved wife. Ever since she died, he's closed his heart to loving again. He satisfies his carnal pleasure with the club girls and hoodrats. It's safer that way. The President of the national club may have sparkling blue eyes and an infectious smile, but make no mistake, if someone crosses him or his club, he'd slit their throat in a heartbeat. Set in his ways, tough, tattooed, and a no BS-type of man, Banger is doing just fine until he meets the sassy, curly-haired, single mom who can cook the best fried chicken he's ever tasted. He can't get enough of her cooking or her. For the first time since he's been widowed, he wants a woman in his life warming his bed. And the no-nonsense woman, who has a body made for sinning, has turned his world upside down. Belle Dermot is a widow with two kids whose husband left her penniless. Wanting a fresh start, she moves to Pinewood Springs and takes a job at the local diner cooking tasty, home-cooked meals. After finding out her husband was a cheating louse, the last thing she wants is another man in her life. She has her hands full with a rebellious teenage daughter, paying the bills, and fending off nasty accusations that she poisoned her husband. Then she meets Banger, the muscular, handsome, and rugged biker who comes crashing into her life. If only he wasn't so nice to her and didn't get her all hot and bothered. And why did he have to be so damn good in bed? As hard as she tries to push him away, he keeps slipping back into her life, helping her with her problems. And Banger's not the type to let go once he decides on something. And he's decided to make Belle his. Now, he just needs her to agree to be his woman. [The Insurgents MC series are standalone romance novels. This is Banger and Belle's love story. This book contains violence, sexual assault (not graphic), strong language, and steamy/graphic sexual scenes. It describes the life and actions of an outlaw motorcycle club. If any of these issues offend you, please do not read the book. HEA. No cliffhangers! The book is intended for readers over the age of 18.

## Customer Reviews

This review is for Banger's Ride only. I read Hawk's Property in December, when it was released. Banger's Ride was my favorite of the series so far. I loved BANGER. He was rough, raw, wise and touchingly romantic. This story has several sub plots, yet easy to follow, suspenseful and sexy. Belle never had true love until Banger and I hope we find out what their bundle of joy will be in a future book. I look forward to see how Kiley and Jerry's love story plays out. LOVE THE INSURGENTS and you Chiah.

I have absolutely fallen in love with this series, and author. Every book has rocked, and Banger's Ride is no exception. Banger is the President of the Insurgents MC, whose heart had been closed off to love since his wife died. He has no desire to replace her, so he scratches his itch with the club girls and hoodrats. This is all changes when he meets a sassy, sexy woman who makes the best fried chicken he's ever tasted. Belle Dermot is a widow with two kids, whose cheating husband left her with no money when he died. She has no time for any distractions with an angry, rebellious teenager, working insane hours to pay the bills, and her ex step daughter making ugly accusations about her poisoning her husband. But there's something about the sexy biker who is systematically smashing all of her objections. Will Belle and Banger take a second chance on love? I fell in love with Banger hard! The character development is fantastic, with a great cast of secondaries. A highly addicting, suspenseful, and well written storyline flows effortlessly. Tangible chemistry EXPLODES into FIERY flames of sexy scene goodness, and well placed humor had me cracking up. Chiah Wilder's talented writing style drew me in from the beginning, while keeping my heart racing cover to

cover. Her diabolical twists and turns made for intense OMG moments right out of left field. I'm totally in love with this series, and I find myself impatiently waiting on each new book, so I HIGHLY HIGHLY HIGHLY RECOMMEND!

Oh where do I start! I absolutely loooove this series! Chiah Wilder can write ! Every book in the series has a mystery/ suspense to it and I love that! I never ever get bored reading one of her books. Banger and Belle are so darn good together. You root for the underdog and Belle is definitely the underdog. Her late husband did her wrong and now she's a single mom broke, living paycheck to paycheck just trying to provide for her two kids. She has a teenage daughter who's rebelling and out of control at times. Thank goodness for Banger because he brings her out of her slump. I don't want to give too much away but this book and series is so worth reading especially if you love MC books with a bit of suspense. Can't wait to read the next book in the series!

I have to say this book KICKED BUTT!! WOW!!! I love MC books and this one has moved to one of my favorites. This is the first book I have read from author Chiah Wilder and I have to say I can't wait to go back and read the other books in the series to see how they came about and get to learn about the other characters mentioned in this book. Chiah did a wonderful job with this story. The characters you can love and a couple you really can hate. You can feel the emotions of the characters and what they are going through at the time of the scene. The storyline was wonderful. Banger and Belle wow talk about great story and chemistry. I really look forward to reading more from this author!!

It was refreshing to read an MC book about a woman falling in love mid life. Many times (too many) I read about an older biker and much younger woman but not this time! Score one for us aging women and the men that appreciate us!! enjoyed both Banger and Belle's characters and the storyline. This is my first time reading a book from this author but it won't be my last. I'm impressed, it wasn't cheesy and there was plenty of MC accuracy. I don't usually start a series with book number five but the storyline really drew me in. I'll go back and read the other books though because I'm also interested in the supporting characters.

Belle is a widower with a troubled teenage girl and young son. Her husband had cheated on her and when he died he left them broke. So she's working at a diner to support her kids. Banger is the president of Insurgents MC. He is a widow with a daughter in college. His wife died of cancer six

years ago and he never thought he'd want a woman in his life. But when he meets Belle, he knows she is very special. Belle has been hurt and is afraid of having her heart broken but she can't resist him. Someone is trying to set her up for her late husband's death. Plenty of steamy, smoking sex. And an ending that will leave you thinking "Holy Cow!" And sexy bikers. **HAWK'S PROPERTY** Cara is an attorney out with her best friend when she meets Hawk at a biker bar. Hawk is VP of the Insurgents MC. When Hawk gets into some trouble, his club is referred to her. After she gets him out of trouble they have sex, on her desk. She tells him it was a one time thing. He gets mad and she gets mad about some of the things he says to her. But when a rival motorcycle club threatens her, he is there to keep her safe. She has been looking into the killings of young girls and now they want to shut her up permanently. Hawk will do anything to keep her safe even keep her in the club with him. Lots of dirty sex. Suspense. Hot bikers and a sexy lawyer. Why I have it four was because at first the dialogue between the characters didn't sound real but on in the book it was better. Also, she would say something hateful or snobbish to Hawk, then he'd say something back and she'd get all mad and hurt feelings. I wanted to smack the crap out of her.
