Dead Lawyers Don't Lie: A Gripping Thriller (Jake Wolfe Book 1)

Synopsis

A mysterious killer who calls himself The Artist is assassinating wealthy lawyers in San Francisco. When war veteran Jake Wolfe accidentally takes his picture during a murder, The Artist adds Jake to his kill list and he becomes a target in a deadly game of cat and mouse that only one of them can survive. How far would you go to protect your loved ones from a killer? Jake wants to leave his secret, violent past life behind him. But the reluctant, flawed hero can't ignore his duty and his personal moral compass. This gripping thriller is full of suspense, plot twists and surprises. It features a cast of interesting characters, including several strong-willed women, two wise-cracking San Francisco Police Homicide Inspectors, one highly intelligent dog, and a philosophical killer who shares Jake's admiration for Van Gogh paintings but still plans to kill him anyway. As Jake gets closer to unraveling a merciless conspiracy, his life gets turned upside down and the danger level increases, adding to the growing suspense. This entertaining page-turner starts out as a murder mystery and then shifts gears into a high-speed action thriller that takes you on a roller-coaster ride to the riveting ending. A good read for those who enjoy mysteries, suspense, action and adventure, vigilante justice, unique characters, witty dialogue and a little romance too. Customer Reviews

This book is at least twice as long as most books I read. I wish I could give it twice as many stars. WOW! Someone make this into a movie. The author asked if I would like to read his book. I am so glad he did. A fantastic action adventure. I look forward to the further adventures of Jake and Cody. This story made me laugh, cry, my heart pound and if I were a nail biter I would have been chewing on them. Do yourself a favor and read this exciting book. I have already told my husband that he will thoroughly enjoy it also.

Just when you think there will never be more captivating, loveable and witty characters in a high octane crime story, along comes photojournalist, Jake Wolfe, who witnesses the killing of an arrogant attorney, and the savvy Lieutenant Inspector Terrell Sanders, who works with the San Francisco Police Department and is called in to handle the case, along with his no nonsense partner, Sergeant Beth Cushman. The fact that Jake and Terrell are best friends, and his partner, Beth, make for a superb read from start to finish, matching wits with meticulous, cold blooded assassin known as The Artist. The story has multi-ethnic characters that are humorous, kind, strong, engaging, patronizing, cunning and wicked. Then you have Sergeants Cori Denton, a certified kook, and her partner Ray Kirby who will protect her zealous disposition at any cost because cops don't snitch on cops. There is non-stop pandemonium, international intrigue, twists and turns, secrets and lies and many plotlines that eventually come together with an ending that that will shake you to the core and leave you asking, "When it comes to present technology, how much privacy do we really have?" If you are a fan of the Alex Cross character, then you will be an admirer of Terrell Sanders, and you will also enjoy the strong female characters that make this story a great read.

I wish I could have given this book 10 stars--it is that good. It is an amazing book that I will not soon forget. You can't help but fall in love with Jake and Cody. What an incredible pair they are. Jake has a unique way of bringing humor and light-heartedness to serious situations. I found myself bursting into laughter at some of the "play-on-words" Jake expresses. The book took so many twists and turns it had me on the edge of my seat practically the whole time I was reading. The detail in

the book is exquisite. It is a hard book to put down. It definitely kept me wondering what came next and what was going to happen to Jake and Cody. The book definitely leaves one wanting more. If you like playing detective, you will love this book. He skillfully introduced all the characters throughout the book and what a cast it is. My emotions were all over the place as I read. I'm so looking forward to the next book.

This is the best action mystery book I have read. Mark Nolan is a hidden treasure. I am an avid reader and read at least 50 books a year. I hope he continues to write books like this with Jake, Cody, Terrell, et al. He has the potential of being in good company with Flynn, Thor, Gresham, Hiaasen and others. He is a talented writer and his novel is both serious and good natured banter. I look forward to more of his books. Infrequently I discover an author whose name is pretty much unknown but writes great books. This is one. Do yourself a big favor and read "Dead Lawyers Don't Lie"

The title didn't lie - this is a gripping thriller. Author Nolan's book encompasses everything a reader of crime stories could want - a Russian assassin, a hero and his service dog, both with incredible military training, the San Francisco PD with a roster of intriguing characters, the FBI, the Secret Service, even the President of the US. Beside many sidebar stories that kept me reading, the hero and the assassin wage war in unlikely places like the ductwork of a hospital and from pleasure boats in San Francisco Bay to the bay itself. The very first car chase had me holding my breath; the climax, with one surprise after another, had me gasping. Often I am turned off by the language in crime thrillers but Nolan achieves this without profanity. He also achieves passionate, but tasteful love scenes. Nolan left me wanting more. I, as I assume many readers, hope there will be a series of exciting novels about Jake Wolfe and his dog Cody.

One of the best books I've ever read!!!! This book has it all, greed, lies, subterfuge, romance, hate, loyalty, honor, and dogs!!! This book starts fast and keeps you moving. It's like a never ending roller coaster ride. The action is realistic, heart pounding, adrenaline rush, rollicking good time. The characters are well written and very complex. The author gives you all the pertinent details you need, but somehow manages to give you glimpses into what really make them tick. He loves to keep you guessing on what makes each character tick, and gives you plenty of surprises! The relationship between the characters is outstanding. You really feel the mutual love and respect between them. The plot is a non-stop action packed ride. It starts from page one and doesn't let you go. He twists you and turns you. He makes your jaw drop open in shock and surprise. He

makes you grit your teeth with Jake. He makes you want to growl with Cody. He makes you want to deck a few of the same characters yourself. He makes you want to say; "I want be like Jake".I have no complaints other than I wish the book was longer. I wish I didn't read so fast. I wish book 2 was available. Mr. Nolan, please keep writing! I am a huge fan!!!!
