I own over twenty decks of oracle/tarot cards. I was pleasantly surprised by the box that holds the deck. I love the magnetic seal and ribbons. It makes it so easy to open and work with!! I like the depth that these cards hold, they are full of beautiful imagery and symbolism. Definatly a worthwhile investment!

The artwork and insight are wonderful. As well as being beautiful with their fabulous images and gold edges, the cards are heavy and durable. The included book is well written and very informative. All fit into a sturdy box for storage and safekeeping. The entire set is a joy for novices and the experienced alike!

These cards have quickly become my favorite deck to use for my own personal readings and to do readings for others. The symbolism is perfect and beautifully drawn. It is a great deck to use when you don't have the time to learn lots of "rules". You can pull cards, look at the symbols and colors and allow yourself to be guided intuitively. Great job Michelle!

I love these oracle cards! As an intuitive I have used other decks to gain clarity, but these take it to a much deeper soul level. I highly recommend these cards to those who are wanting to deepen their connection with Creator. They can be used as a daily card, or in meditation. I pulled a card each day of the week, when I first received them, then put all the cards together at the end of the week. It was spot on, for what was going on at the time, in my life. It was like a mini shaman class!

I am giving these a four only because I haven't really had a chance to work with them yet. As I use them more, I am sure that they will become one of my favorite decks. The colors subtle, mostly blue, black, white, and gold, however, I feel like the colors take away distractions and allow you to dive into them using your intuition. I have found that when I pull a card it is relevant to the question that I ask.

The energy and beauty in these cards amazes me! I've worked with many decks as I'm a professional reader and collector, and very few of the decks I've used match what this deck has done for me. I highly recommend this deck to anyone who appreciates sensing the energy as they read.

The cards were a LOT shiney-er than i expected, but they're so beautiful, i can forgive that! Although honestly, if they were more matte, it would have made the black backgrounds pop and make the art actually breath-taking! Too bad. Anyway, love the art.. love the black background.. love the hard, magnetic lidded box.. and love the cards in general!
