The Book Of Runes: Read The Secrets In The Language Of The Stones

Synopsis

Readers learn to decipher and harness the magic of the ancient Nordic runes! Feogh symbolizes financial gain and status . . . Thorn stands for protection, defense, and caution. These and each of the runic alphabet's many other magic symbols have special meanings all their own. Author Francis Melville presents directions for making amulets and talismans to invoke the power of Norse gods. He describes the method of conducting readings with rune stones to predict future events and bring good fortune. This heavily illustrated volume also presents the history of rune stones, the meaning of the runic alphabet, and the secret symbols attached to each meaning. Rune stones and rune sticks can be purchased from many outlets, but readers who follow the author's instructions can make runes of their own, using any of several different natural materials, including pebbles, wood, and clay. This fascinating collection of ancient magic lore, with instructions for making and reading runes, is complemented with more than 150 vivid, full-color photos and illustrations.

Book Information

Hardcover: 128 pages

Publisher: Barron's Educational Series; 1 edition (February 1, 2003)

Language: English

ISBN-10: 0764155512

ISBN-13: 978-0764155512

Product Dimensions: 8.2 x 6 x 0.6 inches

Shipping Weight: 13.6 ounces

Average Customer Review: 4.6 out of 5 stars [See all reviews](#) (17 customer reviews)

Best Sellers Rank: #988,028 in Books (See Top 100 in Books) #86 in [Books > Religion & Spirituality > New Age & Spirituality > Divination > Runes](#)

Customer Reviews

Bookworm Speaks!The Book of Runesby Francis MelvilleAcquired: Borders Books and MusicSeries: N/AHardcover: 128 PagesPublisher: Barron's Educational SeriesLanguage: EnglishSubject: Non-Fiction*****The Subject: Discover the history of the runes, the meaning of the runic alphabet, and the power of the secret symbols they contain.Learn how to make your own runestones and how to use them for divination.Harness the magic of the runes to make protective talismans, petition the help of the Norse gods and perform runic blessings.The Review:This book has been in Bookworm's collection since before the Bookworm was the Bookworm. When he first bought it, he was interested in Nordic Mythology, but he had yet to become aware of New Age

philosophies, beyond a genre of music on iTunes. Further rereads of this book have revealed that this is in fact a guide to a modern interpretation of Nordic Divination by use of rune stones. Historians and cultural enthusiasts would most likely gravitate away from such a book and it is not hard to see why. Even way back when Bookworm purchased this book, he shied away from the latter parts of the text as the divination bits were uninteresting compared the history of the runic symbols. The books formatting is excellent. A combination of photographs, artwork from all eras, and color coded pages which ascribes to each of the particular runes elemental motif. That was also part of this book's initial appeal. Bookworm was (and still is) a huge fan of anything "four elements" related.
