Nothing negative can be said about such an important and well-written book! This clear and concise book is about one of the most poorly understood truths of the Catholic Faith. If one out of every 100 people in the world read this and responded appropriately to the messages it delivers, most of the

problems our world faces would probably be solved.

Very easy to read. It is a how to avoid purgatory help book. Basically it says to be nice, pray for those who are in purgatory, bear the hard times with dignity, follow God's word, help each other and accept death as the gateway to the after-life. Life. On earth is never going to be easy, so roll with the punches and focus on the good works and words of Jesus. The book gives many hints on how to avoid purgatory. It is just amazing how simple it can be done, but it depends on one self to follow through with them. Most of us are good people but we do sin, so it behooves us to be and do what is right and pray every day.

This book clearly demonstrates the depth and breadth of God's mercy for all his people. God loves us unconditionally as we are and not as we should be. Having said that, God's justice requires that we provide restitution for our sins either here on earth or in Purgatory. God gives us many ways in which we can reduce our penance or suffering in Purgatory. This wonderful book shows us the very practical means.

Every Catholic should read this book and follow no live out what it says. What you have to lose only Heaven. This is an orthodox practice with so much merit and benefits , just do it for the sake of your soul just do it.

A message of hope and love from Heaven. Everything profoundly revealed to mankind. Now is our choice to accept and act with true devotion or continue are imperfect ways. We set our salvation according to God's will.

This book was written for anyone interested in Salvation. It will bring back forgotten church teachings and it is a must read for anyone who has lost a loved one. Concrete answers for the path to heaven.

Every Catholic should read this book as the knowledge they gain will be much greater than the time spent reading. Many Catholics today don't even know about purgatory because in some areas it isn't even mentioned. My own pastor looked perplexed when I mentioned that I had made it a practice to say daily prayers for the souls in purgatory.

Lots of information here that Catholics don't regularly think about and maybe not even aware of. It is an eye opener and good to follow regardless, makes us better overall. Recommended reading.
