The Promise: An Elvis Cole And Joe Pike Novel

Synopsis

Elvis Cole and Joe Pike are joined by Suspect heroes LAPD K-9 Officer Scott James and his German shepherd, Maggie, in the new heart-stopping thriller from #1 New York Times bestselling author Robert Crais. Loyalty, commitment, and the fight for justice have always driven Elvis Cole and Joe Pike. If they make a promise, they keep it. Even if it could get them killed. When Elvis Cole is secretly hired to find a grief-stricken mother, he's led to an ordinary house on a rainy night in Echo Park. Only the house isn't ordinary, and the people hiding inside are a desperate fugitive and a murderous criminal with his own dangerous secrets. As helicopters swirl overhead, Scott and Maggie track the fugitive to this same house, coming face-to-face with Mr. Rollins, a killer who leaves behind a brutally murdered body and enough explosives to destroy the neighborhood. Scott is now the only person who can identify him, but Mr. Rollins has a rule: Never leave a witness alive. For all of them, the night is only beginning. Sworn to secrecy by his client, Elvis finds himself targeted by the police even as Mr. Rollins targets Maggie and Scott. As Mr. Rollins closes in for the kill, Elvis and Joe join forces with Scott and Maggie to follow a trail of lies where no one is who they claim -- and the very woman they promised to save might get them all killed. From the Hardcover edition.

Customer Reviews

Elvis Cole stepped in the middle of a huge problem when he took on Meryl Lawrence as a client. What she wanted was for Cole to find where her missing friend and co-worker had gone after she embezzled a whole lot of money from the company they work for. Meryl thinks Amy Breslyn took the money because she met a man and he talked her into doing it. She wants Cole to find the identity of the man which will lead to the whereabouts of Amy. Elvis has worked with some squirrely clients before, but Meryl has to be the queen of paranoia. She pays in cash, demands instant meets in parking lots or behind businesses, and never gets out of her car. When Cole gets to the address she has given him where someone lives who might know something about Amy, he ends up almost being shot by a policeman and suspected of withholding evidence from the police about the murdered man found at the address. Wow! This story just goes on to get even more complicated from there. If you haven't read any of the previous books in the series, you might want to know that Cole refers to himself as The World's Greatest Detective. Slightly tongue in cheek, slightly a statement of fact from his perspective. He has an amazing talent for solving the problems clients bring to him. They might not always like what he finds out, but that's what happens when you start turning over rocks. This novel brings in Cole's enigmatic partner in the detective business, Joe Pike, along with their friend Jon Stone, a black ops mercenary working in the deep, dark, back corridors of the government. Add to these wonderful characters the presence here of LAPD K-9 Officer Scott James and his dog Maggie (from a previous Crais novel, Suspect) and you only need the arch-villain to complete the picture.
