# The Reincarnation Of Edgar Cayce?: Interdimensional Communication And Global Transformation

## Synopsis

Wynn Free explores the remarkable parallels between the work of David Wilcock and the legendary Edgar Cayce while he builds a convincing case that the two men shared the same source of prophetic information and that Wilcock might indeed be Cayce's reincarnation. Compiling some of Wilcock's most inspirational and life-transforming prophetic guidance from his channeled Source, this book conveys profound insights into topics such as earth changes, secret cabals, soul evolution, death and reincarnation, ascension, crop circles, and the theory of evolution. Explaining how energetic increases occurring in the Sun and planets can have scientifically-measurable, far-reaching effects in a number of realms, *The Reincarnation of Edgar Cayce* presents new evidence that this energy can transform DNA, potentially making ESP, telekinesis, levitation, and other paranormal activities as common as breathing and usher in the Golden Age promised by every major spiritual tradition in human history. Readers will come away with a deeper understanding not only of the life and work of both Wilcock and Cayce, but with a broader sense of the many forces "seen and unseen" at work in the universe today.

## Book Information

Paperback: 420 pages

Publisher: Frog Books (March 11, 2004)

Language: English

## Customer Reviews

I picked up this book with some skepticism, as I'm an avid Cayce fan and hesitant to accept the claims of someone who asserts he is Cayce's reincarnation. While I still don't feel I can say for certain that I believe David Wilcock IS Cayce, I certainly find Wilcock plausible, mostly because the voice of Ra sounds a great deal like Cayce's Source. To Wilcock, Ra speaks far more directly than

did Cayce's Source, however I tend to accept the explanation offered by this book's author, Wynn Free, that as Cayce's "Source," Ra presented ideas and information to Cayce in a form consistent with Cayce's fundamentalist Christainity. What's important here is that the concepts offered by Ra to Wilcock are highly similar to those offered to Cayce by his Source. But whether Wilcock is, or is not, Cayce's reincarnation isn't that important, and finding the answer to that question really is not the reason to buy this book. The book is valuable for the elegant language and powerful ideas expressed by Ra to Wilcock, as well as for the two final chapters, which are reprints of text written by Wilcock that describe an astounding, and believable, way of understanding the nature of reality. Also, one of the final chapters is an exposition of what Wilcock calls "the energetic engine of evolution," which in and of itself is worth the purchase price of the book. Many of the ideas attributed to Ra are not new to me. What is new is Ra's fresh and clear way of explaining them, and the inspirational impact of the readings that Wilcock channels from Ra. These are so good that I have shared them with several like-minded friends, and also made copies for myself so that I can read portions immediately before or after I meditate.
