## Synopsis

What does a too nosy secretary have in common with an alien? Nothing. Until sheâ™s turned into an alien, too. And then, well, thereâ™s everything. Joycê™s life is mapped out: dead end job, after dead end job, until she is dead. At least, that is until Kede Triaâ™a Doshan alienâ™shows up and takes her away from it all. Literally. Heâ™s overbearing, possessive, sexy as hell, and everything she never knew she wanted in a man, er, alien. Of course, life happens and she discovers Death by Chocolate isnâ™t just a dessert, itâ™s a reality. Good thing Kede is there to save herâ™ by making her Doshan. Kede Tria is the Holder of House Tria, commander of the starship Vehly, and one of the most feared Doshan warriors. Heâ™s also Joycê™s life mateâ™her harau. His curvy, deliciously lush mate just doesnâ™t know it yet. She was human and now she is Doshan, but through it all she remains one thing: his. Kede will fight for what belongs to him. So, while others are intent on ending her life, they do not realize he will gladly end theirs. \*\*This book was previously titled Accidental Alien.\*\*

## Customer Reviews

DELICIOUSLY CUTE, SERIOUSLY SEXY AND COMPLETELY CAPTIVATING !!!Oh My Glory! Erin Tate has dazzled us yet again with another amazing Sci-fi Romance. Alien Commander's Chosen is another riveting release by the incredibly talented Tate and it totally rocks! Originally, it consisted of five separate installments, all of which were published and released on the same day but have now been combined into one great book which means good news for us - no cliffhanger! Woo-Hoo! I initially read all five books in one sitting under the Kindle Unlimited Program and loved every minute of it! Alien Commander's Chosen is a wonderfully entertaining science fiction series filled to the brim with adventure, intrigue, action, humor and alien romance. Ou..La...La! The story is exciting, thrilling, riveting, imaginative, humorous, action packed, sweet, arousing, romantic and oh so dreamy. Sigh.....The dialogue is smart, inventive, well written, flows effortlessly and is at times, absolutely hilarious. The characters are fascinating, captivating, engaging, endearing, sexy and frequently, laugh out loud funny. Tate expertly crafts these elements into a deliciously cute, completely captivating and seriously sexy read! Joyce Enner lives in a very small apartment, has very few friends or maybe they're just good acquaintances, has a temporary dead-end job, her boss is an absolute a-hole tyrant, and she is anything but light. She isn't heavy, she's just fluffy. Her one and only blessing is her voluptuous curves. She had been abandoned as a child, raised in foster care and has no family at all.

The Title says it all!!!! I seriously loved this book, recently I have read soo many books especially sci/if aliens etc. books where either the book ended before the characters were honestly/really done telling their Story or the "story" wasn't very good and the lead characters (at least for me weren't very likable or believable . Like say a couple meeting one night at a bar on a space station, and as the guy is escorting the girl to her place on its outer ring, said station is attacked by hostile aliens, and while they hide in a tube waiting a chance to join with others and attack they have sex multiple times in the tube, finally able to move they attack the enemy guarding the ship they came in, detain the enemy on the ship in a room near the bridge and then proceed to have sex in full view of the captives ( only her naked of course) while their waiting a full 30 minutes to join the battle) WTF right?I know you have to take a lot things with a grain of salt in sci/if but a trained soldier who's such a horny a exhibitionist he can't wait till the fighting is over to have sex with a woman he'd only met a few hours before?Sorry I know I digressed it's just I wasted too much money on a book that's was more sex than story...But this book,this book was a great balance of it all!!There are soo many times in the beginning I was wanting to strangle Kede or Joyce, her seeming to constantly forget just literal the Doshns were and say F Me all time or freaking out about "probes" at first, or Kede and the

completely backwards and messed up way he started what felt like what shifter books call his "fated mate" relationship...
