## Synopsis

All people are potentially psychic whether they realize it or not. This book describes a unique system for developing psychic ability. If love is the basis of your philosophy, you can learn this system. It is easy to understand. Only your effort determines how far you will go with this. This system was developed by a covert think-tank over a period of many years. You won't find anything like this elsewhere. It's a practical system for developing psychic ability. It's written authoritatively. If you follow its step by step program, you will develop your psychic powers to whatever level your determination chooses. In the future the world will be ruled by people who have developed their psychic abilities. We live in uncertain times, but those who develop their psychic powers stand a better chance of survival. Some of the people involved in creating this system were originally trained in remote viewing. It draws principles from remote viewing training, but this is easier to learn and you could spend thousands of dollars on remote viewing training. But this only costs you the price of this book and your own time and effort. Also there is a wider spectrum of applications from this book than from remote viewing. The think-tank members who developed this system were Christians, but you can believe in any philosophy and still use this data. Whether you believe in Christianity, Islam, Judaism, Buddhism, Hinduism, Atheism or whatever -- you can learn psychic ability. In this book we tried to break it down to basic principles and practices. Learning psychic ability is like training yourself for sports. It's a mind and body discipline. We provide the guidelines and you provide the effort. This book may not be for everyone, only those who are ready for it. The truth is that we could charge you a \$100 for this book and it would still be a bargain. But we want to reach as many people as possible, so we priced it to be affordable. This could be the book that you have been looking for. All minds are joined.
