Customer Reviews

Another good book in this series! Nikki and Hawk are onto another adventure investigating. This one gets really tricky. I had to really pay close attention to all of the characters in this book because I got lost a couple of times and had to go back and forth to figure out who was who. It is a very good book, I didn't want to put my kindle down because it just kept getting better and better as the story went on. I really like Nikki and Hawk together as a couple and hope to see them take it further, marriage? I like these stories away from the candy store but I also wish there was a little bit more in the story about her candy shop because she isn't in it much. This series is excellent but I recommend starting with book one because the characters tie in together as the new books are published.

Wendy is a shining star with the Maple Hills cozy mysteries.. She keeps you on the edge of your seat from beginning to end. If you have not read this series begin at book one to see how it all

starts. Can't wait for the next book so get to writing Wendy.
