The Power Of Shakti: 18 Pathways To Ignite The Energy Of The Divine Woman

Synopsis

Transformational wisdom designed for both women and men to access and enhance the inner power of the Divine

- Reveals how to activate your sacred sexual self and find your soul mission
- Shows how to access the wisdom of the Galactic Center
- Explains why men need the Shakti Circuit to connect with the Divine Masculine

Shakti is the Divine life force that ceaselessly manifests, creates, and activates. Igniting this living power within is the key for both men and women to transform themselves and attain union, harmony, and peace. The fluid intelligence of Shakti enflames, empowers, and awakens, igniting life force, joy, and organic wisdom within. Uniting the forms of Tantra Yoga found in Indian, Tibetan, and Aramaic sacred traditions, Padma Aon Prakasha reveals how to activate the power of Shakti by opening the 18 energetic pathways of the Shakti Circuit. The Circuit begins with galactic energy entering the body at the Alta Major chakra, located at the back of the head. Traveling down the pillar of the spine through the root chakra, the Circuit passes through the Seven Gates of the Womb-Grail to link the sacred sexual center and the heart center. From the heart, the energy completes the Circuit by traveling to the third eye and back to the Alta Major starting point to reveal the All-seeing eye. Centered on the womb in women and the hara in men, the Shakti Circuit links the soul, body-mind, emotions, and chakras to the power and loving wisdom of the Galactic Center. The Power of Shakti includes the insights and experiences of both men and women as they activate the power of Shakti and shows that clearing all 18 pathways of the Shakti Circuit enables us to activate our sacred sexual self and find our soul mission.

Customer Reviews

I bought this book because I was looking for techniques to enhance and control Kundalini-Shakti. I give the book 2 stars because the book pretty much fails to help me to achieve this goal. I was misled by high marks of others and comments that the book is meant for both men and women (Divine Woman should basically mean female energy, not necessarily women). First, the book is pretty useless for men, as 200+ pages are devoted to praise womb, and the whole book talks about women. The author repeats in different ways how womb is powerful, how it is connected to the Moon, Galactic Centre etc., how all women are connected and how great it is to have a "good" womb and how awful it is to have a "bad" womb, and how you can become divine if you take good care of your womb (which you can do by going to the workshop or retreat). This stuff goes on and on and on. There is a mix of emotional, social and metaphysical discussions that can be found everywhere and which can easily fill up another 2000+ pages. So what about the promised stuff: 18 pathways to ignite the Shakti? Well, there are a few exercises here and there. The author talks about 7 gates and gives exercises to open them (pages 115-118). Here are 2 examples. To open "the Sixth Gate: Visualize a cross within a vesica piscis. Relax, and be silent to whatever arises within you". To open "the Seventh Gate: Surrender into eternal womb". You decide if such exercises would be helpful to you. Totally there are no more than 8-10 pages with exercises. The whole book reads as an introduction and when it gets interesting the author refers the reader to his workshop /retreat without explaining any technique. There are just a couple of drawings in the book.

Having read the book and attended one of the Power of Shakti workshop/intensives, my life has radically changed. Highly recommended for men and women to discover the secret of the universe within. I wrote a piece about it, after attending the workshop which might enlighten the reader as to the powerful processes that take place when we access this hidden and secreted away part of our true nature and being. Go To Your Womb! Stella Fairbairn journeys to the Universe within with the Power of Shakti Intensive, Ireland. Transformational wisdom designed for both women and men to access and enhance the inner power of the Divine. On entering the Gyreum in Sligo it feels like

entering an eco-lodge type space ship. It is nestled in the undergrowth of the Irish Sligo countryside near Lough Arrow and is situated directly on the cross axis of two very powerful ley lines. One of the lines runs in from the Pyramids of Giza in Egypt and the other from Macchu Piccu in Peru. With the Gyreum's very bohemian earthy look and slightly subterranean feel, I made my way across the massive circular womblike interior with an open mind. Padma Aon Prakasha is the man who has brought this very feminine energy and teachings back from the ancient grave and is a powerfully loving presence, and to be in his company is to be awash with unconditional love, compassion and truth. Not knowing much about what I was about to embark upon, some of the lines in the flyer had attracted me, such as: "Now we are ready to remember and activate the greatest secret women hold" and "A blend of alchemical breath, sacred sound, and divine light: the master elements of creation" and also "Meeting your Shadow. Understanding and embracing the shadow leads to your greatest empowerment.
