Could you be a last minute catering addition for someone you cared about? For their •

wedding? Rachael Robinson who owns, â œRachael's Boutique Cakesâ •, and her best friend Pippa McDonald cater Detective Emma Chambers and Detective Jackson Whitaker's wedding. The girls didnâ™t even know the two were engaged. The day arrives and to most it wasnâ™t the happiest. Will Rachael and Jackson work together again? Will Pippa figure out what is wrong with her new husband, Marcello? Great Read!

Rachael is catering a wedding for detective Jackson, the man she has a crush on. She tries to keep her feelings to herself. An old lady (an aunt of the bride, Emma's) who is murdered at the wedding. Emma also disappears before the wedding. A cousin of Emma's is being blamed and Emma is missing so Jackson gets Rachael to help him. The mystery is good, but the characters are wishy-washy at times.

I was hard pressed to put this book down! Once again the author has weaved a story with just enough twists and turns to keep the reader engaged. This is a wonderful series and I am already anxious for the next book!

Stacey has written another intriguing mystery with a hint of romance. Although this book can be considered a stand-alone, which I totally appreciate, it catches us up on our favorite characters. Rachel is still struggling with keeping her bakery afloat financially and ventures into unknown territory catering a wedding as a favor. Pippa is still active and dealing with her husband. And Jackson is, well, Jackson. Rachel is still attracted to Jackson, the police detective. At the price of Stacey's books, even when not on sale, you cannot go wrong. I am not related to nor associated with Stacey as anything other than a reader of her series. I did receive an advanced copy in return for an honest review, which is what this is. I hope you enjoy the book and series as much as I have.

I have read all of this series. Rachel and Pippa are on the case again. This time the crime happens at the wedding of Jackson and his bride, who is not Rachel. There are plenty of suspects and Jackson asks Rachel to help him solve the case. Meanwhile Pippa is trying to find her husband and thinks he is running around on her. I have been given this book in exchange for a honest review.

If you are new to the Bakery Detective series, let me introduce you to Rachael, owner operator of Rachael's Boutique Bakery and her assistant manager Pippa. It is really slow at the bakery these days so Pippa suggests they branch out and try catering. Their first catering job is a funeral!

Rachael's main worry seems to be their pink T shirt uniforms until she sees Jackson her former boyfriend who is one of the local police detectives. Jackson comes over and asks Rachael if they cater weddings. Then the unthinkable happens.....Jackson tells her the wedding is for him and Emma, his partner on the police force. So the stage is set for the Bakery Detectives when dear old Aunt Cassie is found dead in the ladies room just before the wedding ceremony begins. Follow along to see what happens next. This ebook was given to me by the publisher for an honest review.

The fifth book in The Bakery Detectives Series finds Rachael and Pippa venturing into new territory. The Bakery business seems to have slowed down and Pippa believes catering may be the way to go. Their first assignment is a funeral. While there Jackson asks if they do weddings. It would be for he and Emma. Against her better judgement, Rachael agrees. This sets the stage for our next mystery. Aunt Cassie is found dead at the wedding. The bride goes missing. What can Rachael do to help Jackson solve the crime and find his bride? Will catering be the answer for her bakery? Meanwhile Pippa's husband is acting strange and disappears as well. Is he who she thought he was? Great series with enough twists and turns to keep you turning the pages. I highly recommend this series. I was given a book by the publisher in exchange for my honest review.

I have to honestly say this book was very good, just like the first story. I stopped reading story 2-3&4 because they dealt with spiritism etc of which I will not read. I liked the way Rachel always helped solved the crimes. She is pretty clever in figuring out clues. I hate that he and Rachel keep skirting the love they feel for each other. I was disappointed that he never finally told Rachel that he loved her. I really thought they would marry. At least he didn't marry Emma, I'm glad about that. So this story did keep me on my toes and kept my interest. Very good job even though I didn't like that it didn't end with them admitting their love or them getting married.
