Customer Reviews

While I have enjoyed Adele Abbotts Witch PI series, "Witch is when my heart broke " seems to be more a collection of stories. Each section seems to be trying to make enough words to stretch the book out. The stories are good but not as cohesive as usual. The two best parts of the past books, the mystery story and learning to be a witch, seem to have been rushed in this book. It's almost as if Adele Abbott is juggling to many characters. I read at the back of the book that there will be 2 new series this year and another Jill Gooder later as well. I look forward to reading them. As they are set in the same towns, I would assume there will be some cross over.

I usually like this author well enough, but this book was barely readable. I feel like she jumped

around from plot point to plot point and didn't finish any of them. The main mystery was solved half way into the book and then it was a bunch of jumping around from the colonel match making, to a plug for the authors next book with the supernatural shop, to win my on a treadmill. So confused.

Typical Jill Gooder story, better if you've read them in order. Mrs V is still knitting, Winky is running scams and trying to get red salmon, and Jill's love life is almost non-existent. Enjoyable read.

I am reading the whole series and love them. The plot is fun and uncomplicated, the writing at times a little juvenile, I love the books and the author and will keep on reading them for pure pleasure and relaxation

I love this series of books by Adele Abbott. If you are thinking of reading this, please go back to the beginning and start with book 1. It will make more sense if you do. This is book nine, so there's been lots going on involving character development. This is a wonderful, fun series if you like light-hearted witchiness!

This is a fun, lighthearted witchy series. This book is getting more into the mystery of who Jill is and what she will become. The only bad thing is it really makes me hungry for custard cream biscuits, and since I'm an American I have to buy vanilla oreos!

I love this series. Although this book just seemed too short and cut off at the end, I'm glad to see Jill standing up to that goofy cat. If it were me that cat would be on a leash long ago. I mean really, who lets a cat ruin their finances ? I'm also glad to see that her selfish sister has the common sense to tell Jill that her lies are going to come back to bite her, but she's still a selfish control freak.

After the rocky start in the beginning of the series, Jill Gooder has become a part of my evening visitors. She has gotten more confident in the different aspects of her life, and has even learned how to handle her grandmother and Winky. A fun readagain.
