Filthy Bastard (Grim Bastards MC)

Synopsis

She's a poor little rich girl. With a vindictive mother and an obsessed brother-in-law, all Adyson Sloan wants is a little freedom for her and her sister. She dreams of having a little room to breathe and making her own choices. But when she's kidnapped by the Grim Bastards MC, freedom comes at a much higher price. Terrified, but determined to get back to her sister, Addy's plans are ruined when she falls for a bastard with a chip on his shoulder. He's a bastard without a heart. Sergeant at Arms Brew Decker plays by his own rules. To him, nothing is sacred but the brotherhood. He lives and dies by the club and would do anything for them—even kidnap an innocent woman. After all, she's merely a pawn in the bigger game. But everything changes when he meets Addy. Suddenly, he'd do anything for his captive. Can love between a rich girl and a bastard survive without someone losing it all? Each book in the Grim Bastards MC series includes an HEA and can be read as a standalone. Dirty Bastard includes sexual situations and graphic violence. Not suitable for anyone under 18.

Addy and Brew are brought together when Brew is forced to kidnap Addy along with Trix. Brew is intrigued and knows that there is something special about Addy. Addy and her sister, Alex, have

been manipulated by their parents and Alex's husband into thinking that they are protecting each other. Blake threatens Alex's health and safety in order to get Addy to do what he wants. When Addy is taken into the Grim Bastard's Clubhouse and gets to know all of the bikers, I was a little perplexed as to why she didn't tell them what was going on with her and her sister. Brew is unaware of all that is wrong in Addy's life so he just believes she wants to leave because she doesn't want him. Addy could have spoken up, yet she makes a horrible choice and decision. It was admirable what Addy did for her sister, but came at quite a cost. Brew finally puts all of the pieces together with the help of Trix and sets about making things right. This book did have a lot of difficult scenes in it and was tough to take at times. It was well done and did show Brew and Addy overcoming a lot. They both tried to heal the other and it showed.

I'm not even sure where to begin with this review. This book was so good, and had me right from the beginning. Addy and her family, well I'll say her parents are some screwed up people. And what they allow to happen to her is unforgivable. Brew has also had a rough go of it with family stuff to. He truly found his family with joining the MC and becoming their sergeant at arms. when a botched kidnapping goes wrong, it brings Addy and Brew together. Brew is drawn to her and only seems to want to protect her. Addy is keeping secrets, secrets so traumatic that a lesser person couldn't handle, but Addy is strong, yet has a pure soft gentle side to. You have to admire her and her love for her sister. Brew had the same love for his sister once upon a time. the emotions while reading this book was deep. I love to read a gripping story, and this had it. This series is simply well written and has all the wow factors to a great book. Another 5 star book from two awesome authors!!!!

I have to give this book 5 flipping fantastic stars ! It was so good, Brew was everything I'd expected and more. From the first book we knew that Brew and Addy had a strong connection and as soon as this story opened we found out that they also had a lot of common ground. I'll just say that their families were totally twisted, especially Addy's. They both had some baggage and misunderstandings and the relationship took some unexpected and heartbreaking twists. This book was so well written and incredibly compelling. It had it all ! I was alternately torn between being mad and crying my eyes out over Addy's situation. The story was fantastic and also set the stage for the third book in the series. I cannot wait for Smoke's book. I loved it and recommend this series to everyone.

This was a great addition to the Grim Bastards MC series. I liked this one better than the first one

actually. The story was amazing and very addicting and loved the characters more so in this one than the first one. I was hooked on the first page and couldn't stop reading this one I couldn't wait to read about Addy and Brew's story. Addy is a rich girl who wants a little bit of freedom of her own after living with her vindictive mother and brother in law. Brew is the Sergeant of Arms for the Grim Bastards MC. Highly recommend this one and Dirty Bastard as well these books are a great MC series to read and enjoy.*** review on behalf of obsessed by books ***

I so enjoyed this love story between Brew and Addy, I fell in love with Brew from the get go. The circumstances that lead to Addy being taken to the MC club had me on the edge of my seat. Story definitely had some unsavoury characters such as Crank and Blake, wanted to reach thru book and kill both of them. Don't want to give away too much cause I want the next reader to be shocked as I was when the whole truth comes out about Addy and her sorry family. Brew stuck by Addy and loved her thru all her secrets that came out. Can't wait for next book!!!

First all I just got to say I almost love Brew and Addy a little more than Bos and Trix!! In Filthy Bastard we get into Brew and Addy's lives and see how their childhood was and how this is affecting them now in their adult life. We see the struggles they are going through and how they meet and how their relationship develops and grows! This was definitely an AWESOME follow up to Dirty Bastard and a 100% must read!

So I fell completely in love with book 1 in this series and couldn't wait to dive into book 2. Adyson and Brew's story is just as amazing as the Boz and Trix's story. The only difference is book 2 played a little more on my heartstrings | grab some tissues you might need them. We meet Addy in book 1 when her and Trix are kidnapped, but there is a whole side to Addy we didn't get to see. Being kidnapped was actually a blessing for Addy because she has secrets and her secrets run deep. She will do anything and everything to protect her sister, but Brew wasn't apart of the plan. Will Addy chose to let Brew in or will she continue to let her life spiral out of control? Brew also holds a few secrets of his own. He isn't looking to settle down, and only lives for the brotherhood of his club. But Addy throws Brew for a loop that he wasn't expecting. When he lays his heart out to her Addy can't return those feelings because of her past. Will Brew break through her walls or was there time together a once in a lifetime opportunity? I honestly adored this book. Brew is an over-the-top alpha male and Addy is a fighter who isn't willing to lie down for anyone. I got pissed a few times throughout the book. Addy's parents are HORRIBLE

people. I could not stand them. I wanted to scream and cry for Addy and her sister so many times. There are also moments that made me swoon completely. I have to say this is one of my all time favorite MC series that I have read. I can't wait for more!
