It was with great excitement that I opened the delivery box for this deck. I have all of Colette's oracles, her Avalon deck being my daily go to, and the deck that I use for friends who request readings. Her cards are always beautiful, with imagery that is unusual and breathtaking, and most of all, they're spot on! When I got to the Map Oracle box, and lifted the lid, I swear there was almost a whisper of powerful energy released. The imagery on this deck doesn't fail to impress. Gorgeous and beautiful, lush and sweet, many of the cards bring a sense of peace. Working with the cards are easy, the explanations are well written and clear. I love that she always gives enough options to allow a deeper understanding. I especially liked the new 6 card spread she offers. My only dislike

with this deck is that it, like the Hidden Realms deck, has two meanings per card; regular and reverse. One of the beauties of her Avalon deck is there is one position, all meanings under one umbrella, and you have to search for the truth within, trust your vibes and learn your lesson on your own. It's my preference not to make any of the cards feel derogatory, but just be. Besides my one dislike, I find this deck, like the Avalon deck, to be in the now, whereas Hidden Realms provides information that is a bit further out on the time line. Thank you, Colette, for another beautiful and insightful deck!

Hi Customers, This is a great oracle card deck that is based on the concepts that Colette teaches in her newest book "The Map." The oracle card messages are based on the intra-psyche landscapes of our thoughts and feelings. Here are some messages that appear in the deck: Metamorphosis, Coming Apart, The Golden Palace, In the Unknown, Listening, Spark, Coming To Life, Flying, Ghostland. In the booklet, Colette provides the meaning of each card and provides a theme on the message. For example, the card "Spark" means to tap into our higher-self. And the card "The Golden Palace" represents Wealth and Abundance. I love this deck because of the gentleness of the card messages. It focuses on the here and now. Colette provides spiritual guidance on how to master the present moment to manifest great things. The drawings on this deck is amazing. Beautiful pictures. Love you Colette! Great job!

First I must say that I had my doubts about the set of cards and the book, I have seen many (so called Oracles written) and frankly some of them left me laughing and down right offended at the lack of integrity of the work. This deck however will inspire you and lift your intuitive process to new and amazing heights. The moment I received my deck and companion booklet, I was stunned and frankly taken aback with the accuracy and insightful personal energy of this set. She makes no bones about her journey and let me say here that she has truly been down the hard path and made it back again, she has survived things that most people would have never sprang back from, and she lived to tell the tale. Her informative tenderness and her level of compassion shine through in this deck and in the book, and let me recommend right here right now, please buy the book and use it daily it will change your perception of what the cards truly say. The cards themselves are absolutely beautiful and clear, there isn't a confusing muddle of symbols to interpret nor are there lists of things to do and ways to do them. She is straight up, honest, and forthright and says clearly if you want to heal then do the work, face yourself and get down and get dirty and get with it.. you won't regret this purchase.. and there it is my humble opinion

I bought these cards with the book and I'm most impressed by what I see. These cards are beautiful and, while you don't have to purchase both to enjoy, I'm glad that I did. I wanted to read the book before using the cards but I just couldn't wait. I could almost hear them calling out to me. I'm discovering so much about myself and I now like the direction my life is taking me. Thank you Colette for sharing. These cards make a wonderful start of any new day.

I have been working with Colette's Oracle Cards since the first deck was released over 4 years ago. As a professional intuitive and coach, her two previous decks *Wisdom of Avalon* and *Wisdom of the Hidden Realms* are my "go to decks." I just received this latest deck from Colette Baron-Reid and I have to say that these are by far the most powerful deck I've ever used. Just the energy on them as soon as I opened them up was different. Once again, the Oracle Card Faery, that Colette is, has created a powerful tool for people to use to gain deeper insight into their lives. If you've read the *Map* or done work with Colette, you'll appreciate these even more! Like both of Colette's previous decks, the artwork is absolutely stunning. I happen to know that Colette works closely with the amazing artist, Jena Dellagrottaglia Maldonado, to create a set of cards that represent her vision of the symbols and messages that are to be included in each deck. This deck is quite possibly the most beautiful deck that Colette and Jena have produced to date. The messages of these cards, although deeply connected to her latest book *The Enchanted Map of You* as well as her *In-Vizion* process, stand alone in their powerful communication of universal concepts of personal and spiritual growth. The Reversed and Upright messages add both to the richness as well as the power of these cards. If you're looking for something unique and different to add to your intuitive toolkit, I highly recommend these Oracle Cards. I'm so excited to work with them with clients and will post an update as I do. Congratulations, Colette, on another beautiful and powerful tool to support all of us on our journeys to be the best us we can be. Thank you!
