## **Customer Reviews**

I've really have come to enjoy this series. The read is exciting and the characters are like your own family. It's a good enjoyable zombie book. One thing I have especially enjoyed is not much about

the military. I get tired of how so many zombie books constantly use the military and usually in a bad light. This is more of several different families coming together to survive as one. I'm really looking forward to the 4th book. I think this book would also be a good read for the teenager group. Lots of Gore and zombie stuff, but also not too adult for teenagers to enjoy, or parents to worry about.

I agree with the first reviewer! Write faster! I can't to find out what happens to sunny! I love this series and 2017 is too long to wait for the next book! Thanks for the great read!

Some books of this caliber are boring after the first book,not this series. Love the story line and the characters

I was so excited to see this come through...and now a book 4?!!! I can't wait til January...love your books, Megan
