A THIEF OF ANY MAN Maeve Kinkaid, owner of the food truck *Dogs on the Roll*, prides herself on her financial management skills, until she realizes that someone is pilfering small amounts from the register. As she begins to take steps to stop the thefts, she learns of a larger plot that could put her business in jeopardy. But when murder enters the picture, she worries she could lose more than just her money...**JUSTICE IS SERVED**

When food truck owner Maeve Kinkaid is asked to be in her friend Gina's wedding, she expects to come in taffeta, not in her truck...but she winds up catering the event with the help of her Basque boyfriend, Land Mendoza. One of the guests dies with a hot dog in his pocket and Maeve has to solve the crime before the police try to link the unsavory murder to her catering firm.**A GRAVE CONCERN**

When some of the homeless men near Government Square are not what they seem to be, food truck owner Maeve Kinkaid is driven to find out what's going on. Her investigation takes her into the odd world of Capital City's art district and the potentially dangerous world of the local political scene. Maeve and Land mingle with the rich, but they quickly learn that money doesn't solve all problems—especially not the violent kinds.**FIVE WILL GET YOU TWENTY**

Life is good for food truck owner Maeve Kinkaid. She's engaged, making good money, and buying a third truck. When Maeve decides to park her latest food truck next to those of mogul Ryan Pohler, odd things begin to happen. The pranks are minor at first, but as they escalate in frequency and severity, Maeve begins to wonder if Pohler is behind the attacks. Of course, Maeve can't leave something like this alone and investigates the incidents. Even with everything she's whipped up in the past, she isn't prepared for what she'll find.**DEADLY BELOVED**

Food truck operator Maeve Kinkaid has her hands full preparing for her wedding, but she thinks she has everything under control until she meets a woman who claims to be her fiancée's wife. As if that doesn't complicate things enough, Maeve gets caught up in a deadly espionage plot and is forced to solve puzzles that will save lives, including her fiancée's. Does she have a quick enough wit to stop an assassination and still say, "à œl do?"

Customer Reviews

Read the first 5 books and was addicted so found this set with 6-10 and got them. Read them in a few days and really good, clean books. Mauve is bound and determined to find out who the killer is in each book and prove to Det. Danvers she is not just a food truck owner. With a little help from Land and the gang she is determined to solve the mystery. Really enjoy Mauve, Land, Carter and the rest of the gang. Sure hope more are to come

This series is starting to get a little far-fetched and way away from its original roots as a food truck operator and mysteries a little more commonplace, in the last book Deadly Beloved. The writing and the characters just seem very bland at this point, and I just couldn't get into it at all. The earlier ones were better.

First book in the package directly contradicts itself on basic facts within 10 pages. Predictable in a way I found mostly likeable. Good, trashy beach reading. You get what you pay for. I paid 99 cents, so I'm a satisfied customer.

Somedays I just want to read a book that is fun. One that takes me to a quick place. I like cozy mysteries as a place to go. Food Truck Mysteries is a fun series about Maeve who inherits a food truck Dogs on Roll. I love books where the characters carry on, but each book is also a stand alone.

Really had enjoyed the series but by #10, the stories became fanciful, implausible, and just plain awful. We are led to believe that an accountant with no police background can solve crimes and always save the day? Oh, and only she can solve crimes! Plus, anyone who might be running late is no longer trustworthy! (Added the exclamation points to the review as I felt every thought the main character had was overtly exclamatory and intentional). The main character has become a narcissistic stereotype but not in a good or even remotely interesting way. Woe behold the lead detective and everyone who ignores her. Then the interactions with Danvers - the policeman whom she loathes? No. Just no. See this gem: "Would he (lead detective) really call in the entire team on this because I had a hunch about what was to come? I doubted it. He was known for ignoring my advice to him, and on several occasions, it had turned out poorly for him." Reading this series to #10 turned out poorly for me too.

Very fun to read. It was clean and entertaining. Considering the way other authors are using bad language and sex in their books, this series is refreshing and I will be recommending the author to everyone.

Love these books. I especially like having several books in a boxed set so there are not any cliff hangers. Great read and I highly recommend them

Interesting mysteries with lots of info about food trucks, romance and character building. Loved the first five books too.
