What happens when our favorite mobsterista goes on vacation? Trying to corral Meg from not burning up Lacey's work credit card with a shopping trip, a huge transition in the dynamic between Lacey and Anthony and oh yeah! A body in the trunk of the Lumina. . . One thing I can say is Lacey and the gang are gonna need a vacation to recover from their vacation haha. The feel of this story is a little different. It takes us out of the city and into a small town, and it sets the stage for lots of cute moments with Lacey and Anthony! I am seriously applauding Gina on creating my all time favorite literary couple, I love them together! We are getting all of the new relationship warm fuzzies, the should I call or shouldn't I call times, the snuggle bug times, but also the trying to go from 2 single people flirting to being a couple and learning how to navigate this new relationship. Lacey is starting to make a name for herself and people are starting to worry that this mystery may be a direct message to her! I mean psh . . . Nothing says good job at work like a dead guy in your trunk face down in some desiccated Taco Bell haha. And during the course of the story Lacey also gets some important info about her mom's past which I have been dying to know more about since I started book one of this series. The last couple chapters of this mystery are absolutely jaw dropping and I loved every minute of them and the rest of this book and series! Lacey is one of my favorite female heroines of all time! This series truly has something for everyone a mystery element, some intense action, some schmexy tension between Lacey and Anthony, a girls against the world feel for Lacey and Meg's friendship and a sense of family. All the elements for a amazing read!

The Lacey Luzzi series just keeps getting better and better with every new book. I would highly recommend that you read the series from the beginning so you can understand the characters better and watch how their friendship grows. In this installment Lacey is suppose to have a vacation, yeah not going to happen with Carlos as boss and grandfather. Lacey and Meg still try though. From the first page you get hooked. Their vacation starts with the arrival of the three stooges thanks to Nora and then the discovery of a dead body in the trunk of the car. I won't give anything else away, but you seriously need to read this book. Smored was absolutely hilarious , a little scary, and very romantic. Gina LaManna captures so many emotions through her characters that you feel like

you're right there , like you're part of this wonderful group of friends. When you read this book you will laugh and cry. Anthony and Lacey's relationship grows stronger all I can say on that is WOW! Excellent book can't wait to read the next one.

I love the Lacey character as well as the others in her team of players. A nice twist on normal detective type novels by making the main character a "bad" person. She does the work for a mafia family , yet tries to stay within legal limits as often as possible. The gal has a conscience! Well done storyline:-)

Another Lacey Luzzi book that didn't disappoint! It's never a quiet calm day with Lacey because that's the side effect of being in a Italian mobster family. No matter how much trouble she gets it she always has her friends to save her. The ever loyal and hilarious Meg, computer genius cousin Clay and her bodyguard Anthony. Lacey figures out things logically and with a great sense of humor. A must read for those who enjoy mystery and humor combined.

I really enjoyed this lacey book! Got to see her and Anthony together more and i think they are going to be a great couple. Yes they may have their ups and downs but every real couple does and that's why i like them they seem like a real couple. I also liked the mystery part and i think Lacey may be in alot of danger next book but she will have the whole gang to help her. Great book!

I have now finished book 5 in the series and I am finding in love them more and more. I like Lacey and Anthony together. Their adventures are page turning, Meg makes me laugh out loud. I recommend reading this series if you are a fan of more popular titles like Stephani Plum series.

As always with this series I was hooked by the first page, I couldn't put it down! Lacey and Meg are taking a girls weekend at Carlos's cabin, and as usual nothing goes the way they plan. Great read with a little romance, some mystery and a murder! I highly recommend this series!

Lacey and Meg are ready to start their girl's only weekend away, but in true Lacey Luzzi form, something goes terribly wrong. If you've read the previous Lacey Luzzi mysteries, you know that Lacey is a trouble magnet of the worst kind. This story doesn't fall short at all! It keeps you wondering and guessing from beginning to end. Wonderfully written, Gina LaManna tells a story to make you feel as if you're actually experiencing it through Lacey's eyes. I can't wait for the next one!
