Synopsis

Over 50,000 Lacey Luzzi books are now in the hands of mystery readers! #1 Bestselling mystery series in Humor & Cozy Mystery categories To try a Lacey Luzzi book for free, please sign up for my newsletter at www.ginalamanna.com-----Lacey Luzzi is all sorts of starred, striped, and spangled as she returns in Sauced, reunited with Meg, Clay, and Anthony just in time for the Fourth of July! Unfortunately, the rapidly approaching holiday means Lacey can no longer ignore the Luzzi Family Festivities â€” a picnic held every year on Independence Day. Filled to bursting with limoncello, ice cream cake, and illegal Mexican fireworks â€” the event promises to be an utter nightmare. Even worse? Laceyâ€™s inevitable birthday. Just when things are looking as if they canâ€™t possibly go any more downhill, Carlos delivers a birthday present Lacey is not expecting: a bomb. Rumor has it that someone around town has been importing materials to build a massive incendiary device, promising the Twin Cities one heck of a fireworks show â€” and not in a good way. Carlos instructs Lacey to work side by side with Anthony â€” a man who suddenly seems filled with secrets â€” to save the day. As the humidity rises outside, the heat is on Lacey to locate the bomb and disassemble it before her hometown receives a fireworks display it wonâ€™t forget. If she canâ€™t find the explosives, thereâ€™s a good chance Lacey might not make it to thirty. ** ** Lacey Luzzi: Sauced, is a full-length, laugh-out-loud, humorous cozy mystery with a strong female protagonist in the spirit of Janet Evanovichâ€™s Stephanie Plum, albeit one working for the wrong side of the law â€” |Note: Rated a strong PG-13 for sarcasm and mild language. No graphic gore or sex.

I started reading the Lacey Luzzi series because reviewers had said it was similar to the Stephanie Plum series. It is similar but better in so many ways! It is less violent, has less offensive language and the characters are well developed. I especially like how Lacey and Anthony's relationship has simmered like Anastasia's special sauce and continues to build into something special. Mystery, humor, and romance...there is something for everyone in a Lacey Luzzi Mafia Mystery!

Once again another fun book in the Lacey Luzzi series. It touched on so many different emotions, it was funny, laughing out loud escapes, it had emotional moments (why Lacey has difficulties with her bday) and it had a little bit of the surprise element! It truly was a enjoyable and relaxing book. Can't wait for the next one! :)

In this hilarious entry in this amazing series we get more of what we have come to expect with that series -- madcap adventures with Meg and lots of comedic mishaps along the way! But in true Lacey fashion she gets the job done. I have loved this series for quite some time now and in this one there were so many adorable moments along with some of the tension filled moments between Lacey and Anthony haha I love those two together and the little moment they had when he showed up at SHOTZ to pick Lacey up after her and Meg survive a trip to Stillwater has got to be one of my favorites of the series. While on the search for the holy grail of BBQ sauce, Lacey stumbles upon another mystery! Its not like she has enough going on with trying to solve the bomb plot and trying to keep everybody from finding out she is about to turn 30 (haha I relate on that one, I had some of the holy guacamole! i'm getting old freakouts last year) but now there's more. And its gonna take help from all of our favorite characters to solve this one. During the course of this story we get these moments that just hit you right in the feels. Gina's writing style draws you so deep into the story that

you experience what the characters are feeling, like when Lacey and Anthony have their little tiff -- I found myself feeling frustrated and disappointed and I just had to set my eReader down and examine what is going on in my life and i'm just like "my life is great right now why am I feeling like this?" Haha I got too wrapped up in the story! You know if a story is that good its one you have to recommend to all your friends, even people on the street, shout it from the rooftops if you gotta! Just get the word out that Gina LaManna's stories are a force to be reckoned with! An incredible thrill ride any time.

I really enjoyed Scooped. Sparkly, and Salted. They were all an easy read and a bit humorous. But this book and book 4 started getting a bit boring for me. There is too much swooning over Anthony, that is the same in every book, It is like the author needs to make book longer so she just lifts the same thoughts about Anthony from book 1,2 and 3 and sticks them in unchanged in the last two books to lengthen it. Even though I enjoyed the first part of the series I won't be reading any more of them, Just too much of the same thing and this series is not good enough to pull that off. Luzzi is no Evanovitch!

Another great, laugh out loud Lacey adventure! Lacey and Meg seem to always find trouble, even when they aren't looking for it. In this adventure, don't be surprised to get a bit angry at a few people you normally love. Gina tells these stories as if they were recaps of her life. They feel so real and the characters are so personable. An absolute must read and if you haven't read the others, what are you waiting for?

I am so hooked on the Lacey Luzzi series!! I finished Sauced during a recent trip and it is just as good, if not better, than the earlier ones. Gina LaManna is a wonderful author and I look forward to many years of enjoyment from her books!!! (Stephanie Plum, you have some serious competition from Lacey!!)

I have read the series from the beginning and loved every book. Right now I'm on Smored and love that too. Gina LaManna is a good author in my opinion. These books are a light read but well worth your time.

This book was definitely a captivating read!! Lacey & her BFF Meg are wickedly entertaining. And Lacey & Anthony, well let's just say there are certainly fireworks happening between those two. I

love this series which just keeps getting better & better. It's an absolute must read!!
