Customer Reviews

Dear Reader, These cards are beautiful, as every review as stated. The book is interesting, full of facts and myths on every Goddess. Each Goddess has her own poem, description and card definition, as well as a ritual suggestion. Each card/ Goddess is listed with an 'aspect'. Hestia - Responsibility (example) I bought this for the beauty, got it for only \$10 brand new. Thought I'd hang them in one of those big frames with multiple picture slots, or put them on my altar, or hang them on a mirror to remind me what aspect of myself to work on, or just use as pretty bookmarks. I didn't expect such a well-done oracle deck; I am sceptical of 'modern' oracle decks. Anything older than the old Waite deck I learned Tarot on is considered 'bandwagon' stuff and therefore useless. It's not true! I sat down and did a spread and was shocked and amazed at what came up. I got intimate, personal answers to the question I had; practical advice for the situation; advice on what to do in future situations and what needs to be done to prevent this situation from happening again. Example: my latest spread was done to help me find the source of my frustrations with my housework (I am a housekeeper, living with three other young adults). Here is what I got: What needs to be focused on? Responsibility

card: The people I keep house for need to realize that it's not JUST my responsibility to keep the house clean, they need to take responsibility for their messes and clean them up instead of leaving it for me to clean up. But ULTIMATLY it is MY responsibility to 'keep the house' and be 'queen of my domain'. What is hidden that is causing the problem?
