# Witch Is When Everything Went Crazy (A Witch P.I. Mystery Book 3)

## Synopsis

An apple a day...A love struck cat, a wedding, and a hit-and-run murderâ€”there's never a dull moment for P.I. (and budding witch), Jill Gooder. But how will she cope when the magic goes to a whole new level?...is no substitute for a custard cream.

## Customer Reviews

I struggled through the first two poorly written books, hoping the editor or author would pull it together because I enjoy witchy stories. I made it through the first with only a few "Why hasn't she explained this?" Or "Well that just doesn't even make sense" comments. I mean, not explaining for 2 1/2 books that witches live for a long time and don't worry about aging, an afterthought that was clearly used to cover up the fact that people living in both worlds would age too fast. I would have also liked some good description of her characters...I will just stop there on the underdeveloped character descriptions and plots, cause there are far too many. THEN for the wedding and sister's birthday she jumps back and forth so that she can attend both!?! Time stands still in one of the worlds!!! She could have enjoyed the weird ghost wedding crap, even taken a couple of days off to

recover, and gone out for her sisters birthday....I just couldn't read anymore.

I'm reading this series, it's a light hearted fun read. The mysteries are pretty easy to figure out, and the characters are getting a little trite. Still have the crazy irritating cat. The twins are still bickering over nothing. Our heroine is still ridiculously OCD. This book had a continuity error, time in the sup world is supposed to make time in the human world stand still. So the whole wedding sequence where Jill is going back and forth to attend both the wedding and her sister's birthday party made absolutely no sense.

Enjoyable in every way. Many characters not intentionally funny, awkward situations that make you cringe before you laugh, preposterous happenings that just make you smile and keep reading. Very good series thus far.

Great books! I don't usually spend more than 99 cents on a book. These books have mystery, love, and humor. You can't ask for more. Thanks Adele love your writing, I have been reading 50 some years so having something new to read is great!

I really like all the books in this series. They keep me wanting to read more and more. Just the right amount of sarcasm and intimacy for me. They are about a witch that didn't know she was a witch.

I started out interested in the first two books, figuring the characters would develop and how her magic progressed. Granny kind went over the top a bit. I probably would have continued buying this series but it stops with this because all of a sudden it's turned into a Harry Potter thing with this Dark One looming over her. It was briefly mentioned in the first two books but didn't become a major focus until the end of this one. Too much. She's not JK Rowling

What a fun series. I have always been a big Bewitched fan and this is right up that alley. Jill is a fun, savvy character that is an honest, loving daughter trying her best as a P.I. to carry on her late father's detective agency to solve whatever ever case comes through her door. That along with a new and old kooky family and friends from both worlds she's now a part of. I recommend reading this series...I'm on to #4 and looking forward to what happens next.

Okay, I thought this series would get too formulaic and I would just read one more book in this

series just to prove it. I was so wrong and so glad of it! I really like Jill's snappy attitude and language and the author has seemed to hone this refreshingly in this book. Gladly, on to the fourth!
