Synopsis

Stephen walked into the office which Barnabas was using as his judge's chamber. While the massive amount of data Bethany Anne's team was throwing at him was more than enough to assuage his curiosity, he had never felt this way in the last one hundred and fifty-two years. He wanted a vacation. He pulled the top manila-folder and took a look at the name, "Clarissa Bernier, CEO." He opened the folder, and it was now in the agreed upon fashion. There was one page with her typical information of name, age, location, and a two paragraph background and the requested punishment. It was a type of joke now between Barnabas and Bethany Anne. No matter the requested punishment, she would strike it out and write "DEATH" and put a happy face on, with fangs. It let him know that she was not letting up on her desire to make a lot of people pay for Michael's death. The team had already executed six individuals across the world in the last three months. Sean Truitt was just the first one. Stephen interrupted him, "You look tired," he spoke as he took a seat in one of the two blue chairs facing Barnabas's desk. Barnabas leaned back, keeping the folder open, "Is she serious?" He pointed to the document, "Even ADAM, using our agreed punishment matrix is calling for this lady to be punished financially." He closed the folder, "She walks the line towards Michael all the time, brother..." To be continued ...**Please note, as mentioned in a review, there is flagrantly foul language in these novels. The main character does not have a problem with cussing, just uninspired cussing. Ah! Book #10 - - it was really hard waiting for this installment. I admit to biting my nails and checking on multiple times until it was finally posted. I couldn't wait to get off work so I could rush home and READ. The story was great and had new twists and new developments for the future! A good installment in the story line. I recommend this series to everyone I know. Want great entertainment? Start reading Book #1 and keep going.. Now I just have to wait for the end of July

Oh, but it is so much fun! We get to run roughshod all over everyone and have our way, taking anything we want without regard to consequences. Doesn't matter if we are people, corporations or nation states. Might makes right. Right. RIGHT?WRONG. This book ROCKS. I wanted to see justice served hot by the Queen's Own and it was. Not vengeance although many people got that too. My ONLY complaint? Now I have to wait for book 11... *sob*(edit) Went back and added a star because I read it too fast the first time while sleep deprived and couldn't follow a few plot points. Read it again, made FAR more sense.

You got to love a book that goes from a simple down and dirty girls chat to holding a certain something out of the water by the tail while others are eating popcorn and watching . Loved the intro of another group of aliens and BA is still the best. Keep it going Michael.

OK, I just finished book 10 of the Kurtherian Gambit Series. I came late to the series so I was able to read one after the other without waiting for the next book. Thank the gods because I would have

been going nuts waiting, they are that much fun. But no worries he writes them faster than I can pee so the next one should be out in a couple of weeks. He adds characters constantly and each is a quirky individual with an important job to keep the books rolling. This series has everything, aliens, vampires, werewolves, space ships, heroes and heroines, really believable crooked corporate CEO,s and politicians. Hot men, horny women, and a "Queen," can you imagine? I once had a patient that I was prepping for a heart cath (I was shaving his groin), and he told me "you can take the forest but leave the standing pine," well that is how this series progresses, Michael is weeding the undergrowth to get us to the one important pine, freedom and safety for earth. But then again who knows where it will go because that same patient had a tattoo of a man shoveling something into his butt hole., so they could end up getting drunk and letting everyone fight for himself. I really have enjoyed this series and Michael, I am about to wipe myself and flush the toilet so where is my book. Sandy

This book in the series really starts moving things into Bethany Ann's main mission. She's working with the U.S. President, the bad guy aliens have put in an appearance, and she is on the verge of having a fully operational space battle ship. As if that isn't enough, the ladies are match making, Barnabas and Tabitha step up into new kick ass roles, and even the Illuminati are in for some just deserts. I don't think I'll ever cease to be amazed at the way Michael Anderle manages to take a whole lot of little pieces and weave them throughout a story until everything comes together and leaves you with a big picture that just makes sense. I was a little lost in the technical descriptions, but then realized it's because they are realistically accurate, and just happen to be more than a bit beyond what my head can easily wrap around. That's got to be pure joy for the science and tech wonks. I like that he doesn't dumb things down in order to go easy on some of us.

Cold as in the Etheric. Golly, Bethany Anne is getting a handle on her temper somewhat. Especially since everyone is salivating for the keys to space. One tangled weave has the unfortunate outcome of separating BA from Michael in a nuclear roasting as the plane was headed to their CO base crashed in a nearby canyon. His body never found. If he 'misted' his presence never presented anywhere. Now you can see that Bethany has matured more & doesn't do wholesale bloodletting as much to those guilty parties involved. However that's what the Queens Own, the Rangers do. The scales balanced. If not in the immediate timescale, perhaps in a future one the Michael we know has a 1,000 yrs of experience. The Alpha to the Queen. Does such power lie idle even to Deaths call? I say his love to the QB requires him to fulfill his promise to her even across the dimensions. What

Say You?

Bethany Anne adds a new group to her kickass followers. She already has the Queen's Own, the Queen's Guardians, and the Queen's Elite, now she has a new force for justice. And wait until you see who is in it! And what is going on with the women? What was said in the top-secret females-only meeting? There is less bloody action than I expected from the build-up in the previous book, but the point is made that this is due to BA coming into her own in her new role. Her followers deserve a just leader, not the bloodthirsty avenger she longs to be. That doesn't mean that the ones responsible for Michael's death get away with it. I greatly enjoy this book and series. The books are a little short, but arrive quickly. Recommended.
