# Magical Mojo Bags

## Synopsis

Manifest protection, money, good luck, skill mastery, love attraction, and more with a mojo bag. A mojo bag is a physical representation of a spell which you can carry with you wherever you go. This book will guide you to making a bag for any intent, and includes complete instructions for the proper care and feeding of your mojo bag and exact recipes for a dozen different bags. Now Available in a Four Volume Set: Magical Mojo Bags, Magical Chants, Magical Oil Recipes, and Magical Powder Recipes are now available to readers in *Gianne's Grimoire of Personal Power*. Readers receive a discount purchasing the four volume set over buying each book individually.

## Customer Reviews

My curiosity led me to this book which is more of a short guide/ recipe book or how-to for making special magical bags for effecting different parts of your life. If you believe in magic, magical charms and talismans this 25 page guide has recipes on how to build, care for and utilize these special charms. There are no frills or beating around the bush on its intent. It's a recipe book for spells.

I had a confusion on mojo bags, but when on reading this book where everything described is to the core, I became very fond of mojo bags and immediately created three, of which all succeeded !

Love the information and its very interesting. Thank you. You will not be disappointed. :))) very good book to have.

read the whole book, and i can't find anything at the moment to complain about! i haven't done extensive research on it, but it seems to be accurate, yet i found it could have been more informative and perhaps a bit longer, given if more information was given, but i still believe it to be accurate, which is very important. i suggest this to people i know and even people i don't know, to help them gain and grow in a better understanding.

This was a great and quick read. Not too long, or too short for me. Now I just have to make a mojo bag eventually. Either way, whether you choose to make a mojo bag or not, it's definitely worth the price, and a fun treat to read through.

My interest in history includes a comparative exploration into world-systems of magic. Often I'm reading about African religions in Brazil and Haiti but recently I'm more focused on the lore surrounding magical practices in the USA as a result of colonization, contact with indigenous cultures and most importantly contact with African culture. *Magical Mojo Bags* is short and straightforward and in my opinion great information. I would have liked more details about the identity of the roots and herbs used. Botanical names would help but I can appreciate the journey of discovering the more esoteric ingredients... Google it! says the chorus. Mojo or Conjure lore was passed down through time between family, friends and across generations and continents and now through print and e-books. It is important to record these culture-ways that could tragically vanish. In doing so our modern being is enriched. Thank you Lady Gianne for sharing the Conjure/Hoodoo/Mojo in this accessible collection of Mojo Bag recipes.

This book is very short and I would have liked more information in it but overall, it is good for the purpose the author set out to achieve. I appreciate the recipes in the back and the tidbits of information I may not have otherwise known. I recommend it for just a short primer on mojo bags with which to begin your own exploration.

This book is simple to follow and clear. No fluffy stories. Just basic facts. Great for a beginner and great bags.
