Perfect Murder, Perfect Town: JonBenet And The City Of Boulder

Synopsis

Nothing written about the death of JonBent Ramsey can possibly prepare the reader for the revelations in this book. Here, acclaimed writer Lawrence Schiller reveals for the first time the uncensored true story of the events that unfolded on Christmas night of 1996 and the unthinkable damage suffered by a community in the aftermath. This gripping, definitive account finally answers the question: What happened in the town of Boulder, Colorado? Perfect Murder, Perfect Town tells the story of a city at war with itself: the bitter struggle between John and Patsy Ramsey and local law enforcement; the clash between the District Attorney and the Boulder police; and the tabloid media that has taken upon itself the responsibility of issuing blame. The reader is drawn into the maelstrom of the heated arguments and rapid-fire events surrounding the investigation--the anguish, the blunders, the rivalries, the jealousies, and the peripheral victims on every side. As he did in American Tragedy, Lawrence Schiller thoroughly re-creates every aspect of this complex case in a powerful, spellbinding story drawn from recorded interviews with investigators, prosecutors, law enforcement members and their confidants, and members of the Ramsey family themselves. He uncovers the mysteries that have bewildered the nation for more than two years. Why were the Ramseys, the target of the investigation, able to obtain knowledge of critical evidence in the case and control the direction of a police inquiry? Can the answer to the murder be found in the pen and writing pad used for the ransom note? Was it possible for an intruder to have killed JonBent that night? And what did the Ramseys tell the police and the District Attorney in more than twenty hours of questioning? Beyond these revelations and hundreds more, Perfect Murder, Perfect Town is a brilliant portrait of an inscrutable family thrust under the spotlight of public suspicion and an affluent, tranquil city torn apart by a crime it was not prepared to deal with. Meticulously researched and masterfully written, this is a tour de force that will be read for years to come.

Customer Reviews

This is a book about three distinct, yet intimately interrelated stories, told as one. First, there is the story of the murder of JonBenét Ramsey; second, the story of the investigation of that murder and the antagonism between the Boulder Police Department and the District Attorney's office; and third, the media coverage of these events. I think Schiller does a workman-like job on all three, but for readers primarily interested in the story of the murder of JonBenét, this book, at about 800 pages, is a bit too much. For those interested in the politics and pecking order of the judicial system as practiced in Boulder, Colorado, this is probably a fascinating read from cover to cover. The story of the media is also interesting, but too narrowly focused on the tabloid coverage, especially the material about Jeff Shaprio, then working for the Globe. Stories from the local (Colorado) media are quoted liberally throughout the text, but the day-to-day inner workings of the local press is not detailed. Some of this material seems pasted in as though Schiller began to weary of his subject. The detail about the Colorado judicial system, often presented in footnotes at the bottom of pages, was legalistic and not really illuminating. Additionally the text is marred by typos of the kind not caught by spell checkers, including the wrong "their" near the bottom of page 385, an extraneous article on line 11, page 501, and most significantly, an "isn't" for an "is" on page 227. (Actually the sentence in that footnote doesn't make sense with either an "isn't" as written, or an "is" as seems indicated.
