Mr. Deedat, may God have mercy on his soul. Did a tremendous work on this book. As an ex-agnostic, this book helped a lot choosing the right faith when I was hanging down between Christianity and Islam. Let just say I won Muhammad and retained Jesus (PBUT both).

This book provides a clear and concise explanation of "What the Bible Says About Muhammad" with multiple biblical quotes. You may think this is controversial, argumentative or even derogatory towards the Bible of its followers, but really it isn't. After reading this it's really got me thinking....how could I miss this....A MUST read

As we live our daily lives each day, we face people who often don't ponder the words of their books much and basically live their minds in prejudice. This book is an answer to debate with that. Most people don't agree with his books, because naturally, it gives logic proof against their religion. Well, let us stop for a second and think... did this author do his homework? YES, he undoubtedly did. Forget that he's saying things reverse a religion, this author obviously has done a great amount of reading and research. For those who hate this book because it opposes your thoughts, well, that is your opinion in which I find no justification for. Plenty of verses from both Quran and Bible, plenty of

dialogue, plenty of proof. There will however, always be those that oppose. Mr. Deedat gives fine proof and logical sense as well as an extensive amount of research, of verses in all languages possible. For those of you who are willing to come out of their box and LEARN, I suggest this book. The CHOICE: ALSO IS a book that further includes and completes this book, with further information and points.

Amazing an eye opener for sure! May Allah bless him this book is short sweet and simple straight to the point with the proofs I learned something new!

good for any one any religion wants to know more

Your typical Ahmad Deedat dawah material. He never ceases to amaze me with his knowledge and logical reasoning. May Allah bless him! This is a very good, short read. I strongly suggest it for Muslims, Christians and Jews.
