Customer Reviews

As an American convert to Islam who performed hajj last year, I highly recommend this book to help remove all the mystery of what hajj is all about. Even many hajis have no idea why they are doing what they are doing other than their religious books tell them it is what they are supposed to do. Someone planning on going for hajj will get much more out of the experience by reading this beautiful, eloquent book first. And for the non-Muslim, a reading of this book should provide great insight into the purpose of the ritual of Islam that is so often mind-boggling to the outsider.

On Hajj I don't think anybody has given such a brilliant and thought provoking analysis and reflections as did in this book by Dr. Ali Shariati. He has tried to give not only philosophical answers for the Hajj rituals but has gone further and deep down in the psychological aspects as well, which were not touched by any one before. It is undoubtedly a unique book on Hajj pilgrimage.

Was wonderful in forming a deeper understanding of Hajj and the rituals. Helped in forming the correct state of mind while at Hajj.

i love this book so much it is so deep and awe inspiring, It is a great book to have if preparing to go

for Hajj
