# How To Read Lacan (How To Read)

## Synopsis

• The only thing of which one can be guilty of is having given ground relative to one's desire. • Jacques Lacan The How to Read series provides a context and an explanation that will facilitate and enrich your understanding of texts vital to the canon. These books use excerpts from the major texts to explain essential topics, such as Jacques Lacan's core ideas about enjoyment, which re-created our concept of psychoanalysis. Lacan's motto of the ethics of psychoanalysis involves a profound paradox. Traditionally, psychoanalysis was expected to allow the patient to overcome the obstacles which prevented access to "normal" sexual enjoyment; today, however, we are bombarded by different versions of the injunction "Enjoy!" Psychoanalysis is the only discourse in which you are allowed not to enjoy. Slavoj Žižek's passionate defense of Lacan reasserts Lacan's ethical urgency. For Lacan, psychoanalysis is a procedure of reading and each chapter reads a passage from Lacan as a tool to interpret another text from philosophy, art or popular ideology.

## Book Information

Series: How to Read

Paperback: 144 pages

Publisher: W. W. Norton & Company; 1 edition (January 17, 2007)

Language: English

ISBN-10: 0393329550

ISBN-13: 978-0393329551

Product Dimensions: 5 x 0.5 x 7.8 inches

Shipping Weight: 5.6 ounces (View shipping rates and policies)

Average Customer Review: 3.5 out of 5 stars • See all reviews (16 customer reviews)

Best Sellers Rank: #210,962 in Books (See Top 100 in Books) #215 in Books > Medical Books > Psychology > Movements > Psychoanalysis #272 in Books > Health, Fitness & Dieting > Psychology & Counseling > Psychoanalysis

## Customer Reviews

The book effectively treats readers to more of Žižek himself than the French psycho-analyst. So from the start I'd recommend the Lacan enthusiast/beginner to look somewhere else (and then later come back to this work). Still, in line with the whole series, the chapters are short, thus providing explanations, anecdotes, stories and jokes in summarized form, too. Also, if you've ever read a Žižek book you'll know how messy and (oftentimes) incoherent his writing can be; this book at least

has the topics more or less clearly spelled out (even then one has to carefully comb most paragraphs with a marker), making it easier to not only comprehend what Zizek is saying but to categorise it all as well. A bonus about reading this book is that it covers almost all the key Lacanian ideas that Zizek invariably repeats and reapplies in his other books; one could even say that, conceptually, every Zizek book diverges no more than 20-30% from any other one because they're mostly about contemporizing, applying and refreshing Lacan anyway. This book explains the symbolic order, the 'lamella', the site of the Real (one and the same with the screen which filters out the Real - go figure), hyper non-activity (or extreme passivity masquerading as activity), the subject supposed to know/believe/enjoy, libidinal investments, fantasy as escape from the world, etc. - all of these and many more are given a concise treatment which also serves as a sweet taster of what to expect in Zizek's other phone-book sized publications. Ultimately, one has to wonder: Is Zizek's Lacanianism dependent on his Marxism or the other way around?
