## Customer Reviews

David Wagner is an idealist that believes we can change the world by making one day at a time. He shares personal Daymaking stories about his sister who passed away when she was 13, his wife, daughters, and his path to becoming a hairstylist and eventual CEO. He also shares the stories of others, inspirational quotes, and practical tips on how you can be a Daymaker. Wagner shows how a little kindness goes a long way, and what can happen when you focus on your wild ideas and follow your dreams. He then explains that to make another's day, you must first make your own day--and outlines ways to simplify your life, de-stress, and nurture yourself. The subsequent chapters detail how to make the day of your mate, your child, your whole family, a friend, a stranger, and an entire company! For example, when making a stranger's day, it's important to remember that you don't know the whole story. Wagner writes: "We don't know what challenges face the people we meet each day. Is the bald woman in the movie theater a skinhead, or is she battling cancer? Is the

beautiful woman with the storybook marriage dealing with her husband's adultery, while battling bulimia, as Princess Diana turned out to be? Is the woman on the airplane with the crying infant going home to her own mother's funeral? Is the man in the speeding red car weaving in and out of traffic on his way to the hospital with his toddler who swallowed cleaning fluid? These are just a few reminders that situations are not always as they appear."There are many simple, yet practical ways to be a Daymaker. Write a poem about your child when he or she is born. Leave love notes for your spouse, or make them a creation from your heart. Be a Daymaker to a teenager by complimenting them on anything positive that you can.
