# Detective Jack Stratton Mystery Thriller Series: DATA JACK

## Synopsis

Grab this hot, new mystery-thriller from bestselling author Christopher Greyson. Data Jack is the latest novel in the wildly popular Detective Jack Stratton Mystery-Thriller Series. We hope you enjoy! Jack Stratton's back is up against the wall. He's broke, kicked off the force, and his new bounty hunting business has slowed to a trickle. With no money coming in, Jack's license to carry suspended, and no good job prospects on the horizon, Jack's got it tough. He thinks things are turning around when Alice (aka Replacement) gets a lucrative job setting up a home data network. That is, until he discovers it's for a handsome, jet-setting software tycoon. The playboy billionaire—as Jack grudgingly refers to him, takes a liking to computer-savvy Alice. Jealous, Jack thinks life can't get any worse, but when the computer program the CEO invented becomes the key tool in an international data heist, things turn deadly. In this digital age of hackers, spyware, and cyber terrorism—data is more valuable than gold. The thieves plan to steal the keys to the digital kingdom and with this much money at stake, they'll kill for it. Can Jack and Alice stop the pack of ruthless criminals before they can Data Jack? Data Jack is part of the Detective Jack Stratton Mystery Thriller Series which has more than 1,000+ five-star reviews and half-a-million readers and counting. If you love a page-turning thriller with mystery, humor and a dash of romance, pick up Data Jack today. This stand-alone novel features leading man Jack Stratton. Look for other mystery thriller books featuring Jack Stratton including Girl Jacked, Jack Knifed, Jacks are Wild, Jack and the Giant Killer, and now Data Jack. They can be read in any order. ## Customer Reviews

I got the first book in this series for free (after seeing it promoted on BookBub). My expectations aren't too high for free Kindle books. But I was pleasantly surprised to find that I really enjoyed *Girl Jacked: A Detective Jack Stratton Mystery*. I want books to engage me, entertain me, interest me, with characters that I enjoy, maybe romance but not too much blatant sex or too much really foul language, and with decent editing without distracting mistakes. *Girl Jacked* gave me all of that and more. I enjoyed it so much that as soon as I finished it, I went to [Amazon](#) and immediately purchased the 2nd book in the series, *Jack Knifed*. I rarely actually purchase a Kindle book so that alone is a top recommendation from me! After I finished the 2nd book, I again immediately went to [Amazon](#) and purchased the 3rd book in the series, *Jacks Are Wild*. After reading some of it, I realized that I was firmly hooked and went back to [Amazon](#) and purchased the 4th & 5th books in this series, *Jack And The Giant Killer* and *Data Jack*. I am finally disappointed because I have finished all of these books AND I STILL WANT MORE! I will be anxiously awaiting publication of Christopher Greyson's next novel whenever that may be! The books in this series can be read independently, out of order, but I think you will enjoy them the best if you read them in order of publication.

Christopher Grayson does a great job of moving the story line forward and developing characters. He also builds empathy for Jack, a disfranchised police officer acting as a bounty hunter to make ends meet. In *Data Jack*, he acts as an assistant to his computer savy roommate and girlfriend, Alice

aka Replacement. The duo investigate corporate espionage while Alice works side by side with an attractive millionaire businessman. Will they solve the espionage before somebody gets hurt or killed? You'll have to read Data Jack to find out.

Once again, I was delighted by another Jack Stratton mystery. I've followed this entire series and will continue so long as the books are engaging...and they are. I like the ever-growing relationship between Jack and Replacement, the occasional reach-backs to past characters (Chandler, Michele, Aunt Hattie) the simple whodunnit plot and the (always) successful conclusions. This one featured Replacement and her computer (hacker) skills, which was a nice touch. Throw in rich boy Pierce and a cast of characters and voilÃ .....you have a entertaining story for a couple of hours. No blood & gore, no hot & heavy sex; just a really good story with an engaging plot, interesting players and good action. I can't wait for the next installment.

I would have reviewed the books that preceded this one in the series, but frankly I did not want to stop reading long enough to log onto and do it. I LOVED this series and am anxiously awaiting more in the Jack Stratton Series. The characters were deftly drawn and although they all had their flaws and unique issues, they were very interesting and in the case of the main characters, very likable. The action and suspense was first rate and I cannot wait for the next one. Although these books are great on their own, be sure to read them in order, starting with the first one, because it definitely helps build the story.

So, we are still dealing with Sheriff dick who is acting a like a girl in middle school. I love the story, great action. The characters continue to grow. But - Jack wants to be a cop so bad. It hurts me to watch him suffer. There don't seem to be plans to move to another location, so poor Jack will continue to stay in Darrington, continue to be on the outside looking in, and solving all these important crimes who everybody respects but Sheriff dick.

Another great Jack Stratton and Replacement story , have read all the books and now can't wait for another one !!! They have become great book friends I just want to keep reading about their adventures and lives together !!

Another good mystery by Mr. Greyson! Fast-paced, can't put it down, easy to read and understand and fun! I am so glad to see Jack and Replacement advancing in their relationship. It is time to take

it to a new more mature level. I love Lady and she should get more read time. I have read all of the books and look forward to the next one!

This is my 3rd Jack Stratton mystery and loved it. I skipped ahead to Data Jack since I enjoy all things cyber and very much want to find out what happens with the one who got away. I have two more to read in my "To Be Read" list. I hope we can expect to see more books in this series. It's mentioned that there are just 5 and that won't be enough for me. The characters are just so appealing and there is a lot of action with a touch a romance. Give it a try, you won't be sorry and you will be happy to add Christopher Greyson to the list of your favorite authors.
