Oath Of Office (a Luke Stone Thriller-Book #2)

Synopsis

“One of the best thrillers I have read this year. The plot is intelligent and will keep you hooked from the beginning. The author did a superb job creating a set of characters who are fully developed and very much enjoyable. I can hardly wait for the sequel.”--Books and Movie Reviews, Roberto Mattos (re Any Means Necessary) OATH OF OFFICE is book #2 in the bestselling Luke Stone series, which begins with ANY MEANS NECESSARY (book #1), a free download! A biological agent is stolen from a biocontainment lab. Weaponized, it could kill millions, and a desperate national hunt ensues to catch the terrorists before it is too late. Luke Stone, head of an elite FBI department, with his own family still in jeopardy, has vowed to walk away—but when the new President, barely sworn in, calls him, he can't turn his back on her. Shocking devastation follows, winding its way all the way to the President, who finds her own family in jeopardy. Her strength tested, as she steps into her new role, she surprises even her closest advisors. Rival presidential staff want Luke out of the picture, and with his team in danger, and left to his own resources, it becomes personal. But Luke Stone never gives up until he, or the terrorists, are dead. Luke realizes quickly that the terrorist's final target is even more high value—and more terrifying—than even he could imagine. Yet with only a few days before doomsday, it's unlikely that even he can stop what's already in motion. A political thriller with non-stop action, dramatic international settings, unexpected twists and heart-pounding suspense, OATH OF OFFICE is book #2 in the Luke Stone series, an explosive new series that will leave you turning pages late into the night. Book #3 in the Luke Stone series is also now available!

Customer Reviews

I have read the first two Luke Stone stories and pre-ordered the third. Talk about action. This is the most action packed series I've read so far, and I love series. Luke runs into trouble head first and believe me these books are packed with trouble. Great books. Keep them coming please.

Don't read this book before reading the free first one. You'll understand the characters better and Luke Stone better. Many gruesome murders, thousands of life in danger. Terrorists backed by one of the Saudi Prince, years in making, United States still didn't recover from the the first attack. Madam President took the oat just a day before. Non stop heart in your throat page turner.

Not often can a writer recreate the excitement from his first book. This author has not only recreated but out did his first book. There was so much thrill, and excitement I found it difficult to put down. I would recommend this book to anyone who enjoys a well written thriller. Looking forward to his next installment and expect it to be well crafted as this one.

Non stop action with a plot that does not let go this was another winner. I cannot wait for the next book to see what kind of plot Jack Mars can think up in his twisted mind. I just hope the jihadists are not reading his books.

read his first book was sooo good I pre ordered this one and again was not disappointed this is the best author I have found in well over 8 years. if I could order his 3rd book in this series now I would but not coming out until june of this year. keeps you interested from very beginning to end. great writing. easy to follow and can't wait to see what happens next. really hard to put down. read in 2 sittings every thing else put on back burner. all I can say is EXCELLENT. Don't miss this author Just PRE ORDERED 3rd book coming out 6/30/16

The bad people are really bad and the good guys have to be on their toes. The only thing that I

disliked about the book was it was too short. I highly recommend this book to anyone who knows how to read.

This book was very exciting and fast moving; however, Luke Stone makes Superman look weak, slow, and dull. This hero goes for days and days with no sleep, yet still out thinks and foils the bad guys over and over again, while leaving his wife and son to fend for themselves. Just a little too much! I finished the book, but only because I am stubborn and would not give up.

Jack Mars has done it again! Oath of Office continues where the first book in the series left off. Luke Stone and his crew are recalled to service and take on one mission after another. The new president is finding it hard to keep Luke out of jail when half of her staff believe that he oversteps his bounds and is a loose canon. However, she continues to support him and condones his attitude to do whatever it takes to eliminate the threat. - especially when terror gets personal. The action is non-stop and readers will not be able to catch their breath before Luck heads out to rescue somebody else. The author also does a great job in showing how terrorist treat those who help their cause...if they didn't die for the cause, then most were loose ends that had to be taken care of to protect their mission to take the United States down..The final rescue seemed impossible, yet, Luke Stone pulls it off. Before I turned off my Kindle late last night, I was sure to order Mr. Mars next installment. I'm not certain that the new president has seen the end of the Ebola virus as it was left open in this installment. I can't wait to see what happens next. Jack Mars is a fantastic writer! Keep them coming! John Podlaski, author "Cherries - A Vietnam War Novel" and "When Can I Stop Running?"
