# The Third Eye: Open Your Third Eye And Awaken Your Pineal Gland To A Higher Consciousness

## Synopsis

So you would like more clarity, insight, wisdom, intuition, and spiritual awareness? This book will help you achieve these sacred intentions.â The Third Eye is one of human beingsâ™ most powerful energy centres, located in the middle of the forehead. I believe that when it is awakened, the Third Eye can act as a âstargateâ™ that sees beyond space and time. It is considered the most powerful source of ethereal energy. Extraordinary intellect, intuition, wisdom, and spiritual insight are available to everyoneâ | but few of us even begin to tap our profound potential. Opening your third eye can help you tap into these vast capacities This book demystifies the third eye and explains its true nature in the brain as the pineal gland. In the average person, the pineal gland is atrophied, [calcified] and dormant. The exercises in that book will change that. This guide will teach you the necessary steps to take to decalcifying your third eye to repair and heal it so you can fully use it to its highest potential. Here Is A Preview Of What You'll Learn...- The Third Eye Throughout History- The Wonders of the Pineal Gland- The Secrets of Third Eye Activation - Use Your Crystal or Gemstone for Third Eye Activation- Meditation to open the Third eye

## Customer Reviews

I have always been fascinated by the unexplainable world, the third eye is one of them. That's why when I saw this book, I got easily attracted to it. This book has explained things about the pineal gland, and this is a new learning for me. It is the most powerful source of energy that can be available to humans--the book said. Wow! It is so enlightening to know that we all have it yet not all of us have psychic abilities. I tell you, I was hooked by this book!

"The Third Eye" is a very interesting read on a topic that I didn't know much about. This book covers the concept of the Third Eye throughout history, its connection to the pineal gland, as well as different strategies to open up the Third Eye. It would be interesting to see if the use of these strategies would in fact open up our 'other' senses. At the very least, I think putting into action some of the practices outlined in this book would lead to an increased self-awareness, which is always beneficial.

Wow, what a fascinating subject! I was so curious about the "third eye," something I'd never heard about before. This book provided a great introduction to the subject, as well as tips and advice on how to open one's third eye to a new level of awareness and consciousness. I particularly enjoyed the chapter on using meditation to open the third eye. Super interesting and highly recommended.

Many old civilizations speak of a "third eye" and it is a very interesting subject, the possibility that every one of us has potential to grow his or hers abilities far beyond what we have now is very attractive. This book does a good job explaining what the third eye is and what it could do for humanity.

Malini's The Third Eye was a helpful book for beginners. It goes into the history of the 3rd Eye and also provides tips on how prevent damage to the pineal gland and explains what that mystical gland is all about. I discovered how more useful Melatonin then I expected! This book also cover different ways to open your 3rd eye, my favorite was through the sound and music!

This book is short but lots of helpful information. Thank you for all the wonderful and helpful messages, surely of great help. God Bless!

Very simple and easy but with full gravity of the subject thought the book. Loved it. Hope to read more from this author

Had some ideas I had not thought about. Decent read, will recommend. Thanks for the breathing tips, had good results.
