Customer Reviews

I purchased this for the chants to help me relax, destress, unwind, sleep, etc... So far it's helping me out. When I'm wired for sound and can't sleep, I just crack this open on my kindle and find the right one. Thanks!!!

this is a great little book for the price! it is simply done and not overly complicated, great for the

beginner or the minimalist who isn't into a lot of overly elaborate fluff. the thing I love the most about this book is that it is very straight forward and can easily be incorporated into other rituals for those of us that like to use our own creativity.

I downloaded to my kindle. It has around 45-50 chants that are simple and easy to remember. Would be a great starter book for someone new to the craft or someone looking for shorter chants. For the price its worth it.)0(

I am going through a tough time right now and I feel really vulnerable. I bought this book for my kindle so that I could take it everywhere with me. There are more than 50 short and simple chants contained therein. I have used many of them and I believe my personal space and protection of my well being has been improved and strengthened.

I don't split hairs over words, there's too many in the world and no two people who speak the same language ever mean them exactly the same way anyway. I'm with some of the other reviewers, more into western Buddhist meditation than Wicca. So for \$1 you can't go wrong, and I found a number of pleasant and calming expressions I've started using.

For 99 cents it was worth the price. The chants were a little awkward to say at times, kind of simple/silly as well, could have been better written. I wouldn't pay more for it, but for the chants that I liked, and used, it was worth the dollar!

Easy, brief, simple. Not a complex read or alot of heavy jargon. The chants in this book may seem too simple to some but they echo thru the test of time and many other reads follow the same. Easy to use for beginners thanks to a well laid out index.

This book actually works!!! I love it!!! Once I have said the make it rain chant and the next day it worked!!!The weather forecast said it would be sunny! How is this possible?! BUY THIS BOOK!!!
