Confessions Of An Old Lady

Synopsis

Olivia is eager to earn her undercover stripes with the deadliest biker gang in the country. Agent Olivia Rockford is doing well for herself. Twenty-something arrests and more than a dozen convictions in her first year alone has her ranked among the top DEA agents. Olivia is chosen to go undercover to bring down the notorious Lords of Chaos, a motorcycle gang in her home state of Kentucky. Her mark is the good-looking bad boy VP, Sonny Jackson. Olivia transforms into the badass Trish Sanders and snags Sonny's attention. Now she has to keep it. Dubbed Sonny's "old lady," he begins to confide in Olivia about the gang's illegal activities, as well as their feud with rival gang, the Monsters of Mayhem. When the feud escalates, and the Monsters assassinate someone close to Sonny, Olivia uses her agent training to convince Sonny to set up a meeting to resolve their disputes. Despite her growing feelings for Sonny, Olivia doesn't have a choice but to pass along the details of the meeting to her supervisor. When the DEA raids the meetings between the two gang powerhouses, Sonny quickly puts two and two together and realizes who his old lady really is. He puts a gun to Olivia's head and demands the truth. Olivia realizes she has to tell him the truth—her real name, her assignment, and most importantly, her feelings for him despite everything. Will Sonny be able to forgive Olivia for her crime of betrayal, or will she simply become a cautionary tale in *Confessions of an Old Lady*?

Customer Reviews

This novel is a bit different from the author's suspense trilogy, and I have to say this is my favorite to date, but with that being said, this author has quickly become my favorite all together!!! It just goes to show that she can write about almost anything and write it very well. In this novel, rookie DEA agent Olivia Rockford is tasked with infiltrating the notorious biker gang, The Lords of Chaos. She's supposed to worm her way into Sonny's confidence and use her feminine wiles to become his "old lady" (girlfriend in biker slang). I don't think I'm spoiling the book by telling you she succeeds and she is able to ensnare handsome bad boy VP Sonny Jackson. She gets a front row seat to all of the gang's nefarious activities and even witnesses a murder. She's gathered enough evidence to bring down Sonny and the Lords for good. The only catch? She's fallen in love with her mark. A big time no-no for a federal agent. She ultimately has to decide between her career and her love for Sonny. If you loved Sons of Anarchy and you enjoy a good romantic suspense, this is the book for you. Once again, Morgan shows she is able to write so well that you feel you're seeing everything before your very eyes. She vividly describes the setting - a small town in Kentucky - and I was so drawn to all of her many colorful characters in the gang, especially Sonny. Even though he's a bad boy, the author made it easy for me to fall for him and root for Olivia and Sonny to make it through everything life throws at them. Definitely a must read!!

This was the first book I have read by this author and it was well written and held my attention. It has suspense, romance and a HEA in it. Olivia is a rising DEA star who wants to rise even higher. She is slated to go undercover as a woman who gets the attention of the VP Sonny of the MC she is investigating. When Sonny meets her, he can't stop thinking about her and brings her inside the MC to become his old lady. Olivia and Sonny bond more than should, and true feelings are felt even when Olivia is feeding information to her DEA counterparts. When things go down, Olivia has to make a decision and Sonny is right there beside her. But that decision changes her whole future. I enjoyed the book. I will gladly read more from this author.

This book kept me at the edge of my seat! I just knew things were about to go terribly wrong! But they didn't! Can't wait to see if there is a second book!
