# DAYBREAK: A Gripping Thriller Full Of Suspense (Titan Trilogy Book 3)

## Synopsis

The stunning conclusion to the Titan Trilogy "This is an edge-of-your-seat end to a terrific trilogy. Can Brendan finally get justice for his wife and daughter? The journey is so convincing, exciting, and gripping that it may just change the way you see the world." Ann Abrams Find out the truth in this intense conclusion to the best-selling thriller series. Will former Detective Brendan Healy survive, and can Agent Jennifer Aiken finally expose the conspiracy which is exploiting young women and goes to the heart of government? Perfect for fans of Stieg Larsson, Jo Nesbo, or Dennis Lehane novels. THE TITAN TRILOGY Book 1: HABIT Over 200 five-star reviews The body of a young woman is found in a remote farmhouse. Her death exposes a web of dark secrets . . . Book 2: SURVIVOR The phone rings. One of Brendan Healy's oldest and best friends is dead. Healy must return home to Hawthorne to find out why. Meanwhile, Agent Jennifer Aiken is investigating the same dark conspiracy involving politicians, prostitution, and black markets. Book 3: DAYBREAK The stunning conclusion to this absorbing crime thriller trilogy. PRAISE FOR HABIT "Habit explodes with gun battles, conspiracies, relapses and detours into the seedy world of internet porn... a hard-boiled mystery with a modern twist." - Margot Harrison, Seven Days PRAISE FOR SURVIVORS "T.J. Brearton has created interesting characters, including good villains, a convoluted plot and a thoughtful foundation. This is a fun read ... The conspiracy Brearton has created is reminiscent of some David Baldacci thrillers ... bad people are everywhere and in control, and that only a few - but enough to provide some hope - are fighting to save the little nobility and truth that hasn't been bought yet ... Some of the back story was provided in the first book of the trilogy, but Brearton is adept at bringing the reader up to speed on the connections among the various characters." - Jerry McGovern, The Adirondack Daily Enterprise

## Customer Reviews

A most excellent 5 star read!! don't know where to begin. This whole trilogy, #1 Habit, #2 Survivors and this one #3 Day Break have just blown my socks off. Thrilling, fast paced, nail biting, mind blowing, twisty & full of conspiracy theories (or are they?) and also full of evil, stupid, innocent and heroic characters. This is a story of big Government, obscene wealth, greed and most importantly Power. It is the tale of an average middle American guy who gets all tangled up in this and somehow manages to come out alive with psyche somewhat intact.

great finish to the trilogy! Again lots of intense conspiracy theories which are somewhat difficult to follow but the overall plot and character development was very good and kept me enticed all the way to the conclusion which was quite satisfactory! I will keep reading this author..

I enjoyed all three books in this series. Author did not rely heavily on sex or violence to tell the story. Story flowed well between the books. Nice ending with just a bit of surprise. Worth the time to read ^

Fast paced, presenting present day issues with a twist. Characters are well developed. Plot plays on readers emotions. Must read the trilogy to get the full storyline. As a person who has traveled to and stayed in areas that the characters live and work in made the storyline more personal. Gave it a 4 star because ending should have been stronger. Will there be another book stemming from the end?

Very involved plot. Well-developed characters. GREAT BOOK!!!! I keep thinking about this book a

week after finishing it. Read the trilogy; each book is better than the last (if that's even possible)! I am a devoted fan of TJ Brearton. After reading this trilogy, you will be too.

Well-researched and informative detailing a future where government takes control through unsuspecting avenues that the general public would not be aware of. Reader felt an empathy with the main characters and their struggles to fight for citizens' rights.

There was an old film called "McKenna's Gold". It seemed to drone on and on and on, introducing new, unexpected plot twists and characters to the extent of absurdity. It got to a point where the viewer just wished it would end. It didn't matter much how. This trilogy is the same. The ending left the promise (threat?) of yet another follow-up. I hope not.

I'm not a very good reviewer, and forgo writing a review..This author kept the suspense going with every page I turned..The characters were easy to keep up with..I appreciate not having to read nasty language. Looking forward to more thrilling stories by T.J.Brearton.
