The Bridge Of Bones (The Vatican Knights Series Book 5)

Synopsis

While vacationing in Paris, Shari Cohenâ™s children are kidnapped by Jadran BoÅanoviÄ‡, a Croatian kingpin who runs a human-trafficking cartel who is as deadly as the knife he wields. Few dare to challenge him. And even fewer dare to defy him. With time running out and her resources running thin, Shari calls upon the aid of Kimball Hayden and his team Vatican Knightsâ'an elite group of commandos dedicated to protect the sovereignty, interests and citizenry of the Churchâ" and are once again reunited. But Kimball finds that his team is quickly outmanned and outgunned, the death toll climbing against forces that are the deadliest the Knights have ever faced. With his back against the wall, Kimball is forced to choose Justice over Law by taking on Jadran BoÅanoviÄ‡ in a contest that only one man can survive. But Kimball soon learns that the Croatian is as ruthless as his legend and just as powerful, if not more so, than the Vatican Knight himself. "Ferociously paced and executed, Bridge of Bones is an all-out automatic weapons burst of an action-thriller following a secretive Vatican military arm as they help those who can't help themselves. A sinister human trafficking operation must be stopped--but where the letter of the law is not enough, will a higher justice prevail?" â" Rick Chesler, author of Wired Kingdom and Solar Island âœFrom a heart-wrenching abduction on the streets of Paris to a blistering gun battle on a yacht, Jones takes the reader on a fast paced ride of action and adventure while delving deeply into both the soul of a warrior and a motherâ™s grief. THE BRIDGE OF BONES is a grueling look at human trafficking and possibly the best Vatican Knights thriller yet.â•â" Kane Gilmour, bestselling author of RAGNAROK and RESURRECT

The Bridge of Bones is the latest book in the Vatican Knight's series. Shari Cohen, an FBI Agent, are vacationing in Paris, France when her two daughters are kidnapped right in front of Shari and her husband. The rule of thumb is 72 hours to be able to recover victims kidnapped. The French police don't seem to be moving very fast. The FBI can't help. It is in her desperation that Shari remembers being given a number that would get her to the Pope. Shari had been instrumental in saving the previous Pope. There is questions as to whether aiding Shari meets the criteria of the Vatican Knights. Because of previous service to the Church, the rules are changed to include those who had been of service to the Catholic Church. Kimball Hayden and his Vatican Knights may be up against their most formidable enemy. Jadran Bozanovic is a vicious creation who runs a human trafficking group. It is Jadran who has captured Shari's daughter to sell into prostitution. His trademark for those who betray him to literally skin them alive. Besides the vicious Jadran, Kimball has a personal problem. He is in love with Shari. There is no room for failure due to this love. Death of Jadran is necessary as he goes after anyone who is involved with a plot against him. This Bridge of Bones deals with the fear of every parent... the abduction of their children. There is nothing a parent won't do to save their children. There is also nothing that a man in love won't do for the woman he loves. Bridge of Bones is fast paced from the beginning and increases in intensity. It may be the best Vatican Knights to date. Fantastic read.

Wrestling with his own demons Kimball Hayden is struggling. Making the Vatican Knights his life is the perfect solution. His fellow warriors (and certain clergy) are sympathetic and see the good in him (even if he doesn't). This book is the fifth in the series and I can't wait for more. I fell in love with these brave men and cried when they lose their lives. Their physical and spiritual dedication to the Pope and the Church is all encompassing. You don't have to believe in the religion to fall in love with and root for the Vatican Knights. Rick Jones did it again! I hope he plans on continuing these fantastic books. Five is definitely not enough.

I enjoy all of the Vatican Knights stories and this one is no exception. This is the first story I have read on Human Slavery and I was quite shocked. I know this is fiction but I am sure so much of what happened in the story goes on in real life. If you like good crime stories you will like Bridge of Bones. The writer know how to keep the story moving and interesting for the reader.

Great book, sad but current story. This picked the wrong kids!! Tough to lose some knights as well. Had the privilege to read these in order and it was great but Jones fills you in from previous information so you wouldn't have any difficulty in following if you read them out of sequence. Keep them coming =)

Attracted by price and cover (I love Paris) but not disappointed. Good story line, pace and character development. Really don't need to read others in series because author gives enough info to catch up on relationships. However, I might read one of earlier books to know a little more about Hayden.

I stumbled onto this series awhile back and I read books 1-4 in one sitting. 5 didn't disappoint, and it showed how the main character evolved even further. Believable plots and a whole chunk of action. My type of book.

I have enjoyed all of Rick Jones books. This one comes in at the very top. Have you seen Taken, this is the book to read. Well written, heaps of action, good characters and terrible villains. Do not miss Rick Jones, he is one of the top thriller writers around.

The problem with this series: the editing is terrible. There are so many problems with wrong words, sentences that don't make sense. I had to keep going back and rereading things. The concept was good but way too many mistakes. Whom ever was the proof reader and editor of this series should be fired.
