This is a seriously effective book. I've worked with money spells for years successfully, but this book seems to be on another level from what I'm used to using (candle spells, talismans, etc.). Nitika's speed at manifestation kind of reminds me of St. Expedite (who I have worked with on numerous occasions, also successfully). The nice thing about this cashbook spell is that you can specify exactly what you need. As others have mentioned, this is the same Nitika from the New Avatar Power system, but the book shows a much different way of working with him. One thing that may be helpful for some is an observation that I've had and would like to share, although I've only worked this spell twice so far. It seems that when you begin your spell campaign and start to get results, you should continue until the manifestation "solidifies". I say that because my first time out using this, and once I had indications that my spell was likely to work, I actually stopped chanting each day (I had only done the spell for three days by that point) thinking it was a done deal, and the expected manifestations either got delayed or canceled for one reason or another. That told me that I should have kept going until I had something tangible in hand showing that the manifestations were a certainty (as in a check, or a signed contract), instead of just a probability. Even with that, I was still shocked at the dramatic speed of the manifestations. I have been practicing magick for nearly 10 years, and in my experience it can be rare to see a spell manifest only hours after casting it, but it happened with this book the second time I used it. I can't recommend this book highly enough. Buy it, you'll be very glad you did.

I purchased this book about a month and a half ago and took some time contemplating before actually digging in, making the book, and performing the short but sweet ritual. At first my concern was whether this was safe. My only experience with spiritual beings have been dealing with angels

or nasty unwelcomed entities that I would have to drive away. I can tell you that Nitika is not to be feared. Just treat him with respect and he will reciprocate. Also I like Damon's Facebook page and contacted him a few times with any concerns I had. He was very patient and helpful with me, as I am a newbie to evocational magick. Now let me get to my results. The first try did not work. This is because the amount I asked for was too much for me to believe I can really have! So I tried it again with a lower amount and did the ritual for 13 days straight and nothing happened. I just gave up, put my book away, and thought that this isn't for me. I didn't practice any magick at all since then. Lo and behold, 3 weeks later the money I asked for appeared in a very unexpected way and was even a little bit more than I asked for! I don't normally write reviews but I feel compelled to out of gratitude to Damon and Nitika. Pay careful attention to what Damon writes about 'Lust for result'. So give this book a try! I will be on the lookout for more books from Damon. Wishing prosperity and blessings to all :)

works better now that i know how to focus on the amount i need, Nitika will some time split funds it sends if the whole amount cant be obtained from one source. ex: i asked for \$ 2,500. the first amount i received was \$1,700. At that point i only really needed 850 more, so i redirected my focus on the 850, instead of continuing to ask for the amount of 2500. a few days later, right before the deadline 1000 rolled in. So the lesson here is, its coming. Even if its a close call. Sometimes the whole amount cant be dumped off all at once. focus on the actual amount u need minus what u already got. hope this helps. cheers

This is a real excellent book, written in a very simple and concise manner, directed to magicians of all different levels of expertise, it's a great book for all beginners in magick, because the directions and everything that has to be done are very simple and only takes a few minutes to construct the notebook and perform its empowerment ritual + the main attraction ritual. And yes, as it has already been said by others and by the writer himself, the book's methodology is based on the excellent modern grimoire New Avatar Power (N.A.P.), BUT it lacks all the steps which may discourage a beginner from performing the magick, because we people tend to make things many times very complicated, even the simplest ones. The writer instead offers a very simple yet effective way of working with Nitika. Also i feel the urge to thank Damon, the writer of the book, in public for answering in a very friendly manner all the questions that i had. Don't forget to read his Frequently Asked Questions section that he recently added on his website regarding mostly this e-book, but also with references to his other works and future e-books. I wish that all writers were so friendly, kind and

willing to answer questions. I hope that you fellow readers and magicians, may find my review useful. Blessings upon everyone...

What FUN!!! I originally asked for \$31, an amount I felt would be precise enough that I would not dismiss the whole deal as coincidence. I did the working for three days, but for some reason was distracted away for a few days. Despite dropping the ball, the cash showed up literally at my front door about a week later. Rather than the \$31, I received \$45. I'm sold. As I have said in other reviews of Brand's work, law of attraction on steroids.
