# Astrology Decoded: A Step-by-Step Guide To Learning Astrology

## Synopsis

A unique, beautifully written astrology course that will teach readers how to think like an astrologer and master the practical techniques of this ancient art, starting with the basics. For those who have wondered whether there could be more to astrology than the popular horoscope columns, or who are fascinated by the idea of being able to interpret their own or others' personal horoscopes, this is the book with the answers. Accessible, entertaining, and informative, this fascinating guide explains, step by step, how astrology works, when to use it, and ways to take it further. An expert astrologer offers a practical and comprehensive course that will take readers through the colorful ingredients that make up a birth chart, from the 12 zodiac signs to subtle astrological combinations and aspects, and the ways in which these express themselves through a person's character. Whether one is a beginner or has some knowledge of this fascinating subject, this guide will deepen that understanding, and explain how to use astrology to enhance one's life and the lives of others.

## Customer Reviews

After learning various oracles (Tarot, Palmistry, Numerology), Astrology was next on my list and Astrology Decoded proved to be the perfect choice of book from which to learn this fascinating system. I enjoyed reading (and re reading) it so much, after my initial purchase of the printed book, I went on to buy the Kindle version as well, so I can always have it with me. Astrology is, comparatively, quite an involved system with much to learn, but Astrology Decoded does an excellent job of breaking down each individual aspect (no pun intended. Read the book and you'll

understand) into manageable chunks. My genuine thanks go to Sue Merlyn Farebrother for helping make my journey into Astrology such a pleasurable one (though I still have much to learn).

This book is perfect for everyone who investigates the intricate world of the cosmos! The writer shows a didactical text that describes all the aspects of the theme, such as the signs, the houses, the planets, the interpretation of the charts of each individual. At the same time simple and complex, this is an excellent opportunity for every reader to discover the fascinating territory of the occult.

Congratulations for the fabulous work of Sue Merlyn Farebrother!

I already knew a decent amount about astrology, but Astrology Decoded really made everything make so much more sense! With copious amounts of examples for everything in the book, this text is wonderful for learning the art of astrology!!
