Customer Reviews

This is the second in the Bakery Detectives series. This one digs into Pippa's involvement with a paranormal group. She convinces Rachel to go to the leader of the group just so Rachel will change her mind about buying the store next door. The store next door is an Antiques store that is going out of business and Rachel wants to expand the bakery so she's going to purchase it. Before the sale can be completed, two people are murdered and Rachel, with a bit of help from Pippa, needs to solve them.

There were so many twists and turns in this book that it helped me overlook a weird discrepancy. In this book Rachael stated that she couldn't afford to move to a two bedroom apartment so that Pippa could have a room, instead of sleeping on the couch. In book one Rachael said that she used the spare room for an office. Pippa even came into the room and flopped down on the bed in the spare room after reading the reviews on Rachael's laptop. In this book Rachael was going to take the couch and let Pippa sleep in her bed, after Pippa's hard day. Why is the bed in the spare room there and why was it mentioned? Another mystery that I find intriguing and unsolvable. I'm adding this to my review only so I won't be repeating what has already been said. I loved the book and will be reading the next in the series. I'm still waiting for the romance to bud, the murders are a given, the murderer always a surprise.

Donuts, Antiques and Murder - Stacey Alabaster " Fairfield Publishing This is the second book in the series, A Bakery Detectives Cozy Mystery, by Stacey Alabaster. We once again follow Rachel, the owner of a bakery, her friend, Pippa, and the dashing Detective Whitaker. As Rachel is preparing to purchase the antique store next door to her bakery so she can expand, not only one, but two murders occur in the antique store. Rumors have it around town that the antique shop is haunted. As Rachel and Pippa decide to do their own investigating, the "Bakery Detectives" are out to find the murderer. There are many twists and turns throughout the book. It delves into Pippa's membership in a paranormal group that investigates unexplainable occurrences in the area. Can Pippa's connections help solve this mystery or will the solution be found by a different source? There are several characters in this book that leave you thinking you know who the murderer is, then you find out that you are wrong! This is an enjoyable quick read and I'd

recommend it to mystery lovers. I was given copy of this book for my honest opinion by the author and Fairfield Publishing.

I enjoy reading at least two series that involve ghosts and or paranormal activity. However I did not enjoy what I read of this book. There was almost a silliness to the partial/teasing references to the paranormal. Combine that with two idiot employees who put more food on the floor than in the display cases and still have a job, and you've lost me as a reader.

This book is a fabulous suspense story. I would recommend this book to anyone who likes suspense with a touch of romance. There were so many twists and turns, it kept me guessing until the end. Good clean book with no offensive content (a must for me).

This is the second book in this series and it was great!! I read book one previously and this one was even a little better than #1!!! I don't like to give a lot about the details of the story because I don't want any spoilers to ruin it for people who haven't read it yet. This one really had me wondering who did it though and it was interesting to find out who really did!! Very good writing, I am a definite follower of this series. Please keep them coming. Onto book 3!!

Scared of your own shadow? Rachael Robinson and her Assistant Manager and roommate Pippa McDonald are getting that way. Rachael owns, "Rachael's Boutique Bakery" and she wants to expand next door into the dying antique shop, "Gus's Antiques" has had many rumors going around of curses and Pippa for one believes them. With the murders happening, Rachael is beginning to agree with Pippa. Can Rachael help hunky Detective Jackson Whitaker solve the murders and save her shop, health and sanity? Good read!

Rachel wants to expand her bakery into the antique store next door. Her assistant, Pippa, warns Rachel against the move, claiming the place is haunted. After two murders next door, Rachel begins to believe, maybe. Again she is involved in an investigation. A cute story, easy to read, and enjoyable. For those who enjoy mysteries, female sleuths, and a hint of a romance, this story answers the need.
