I-Ching For Beginners (Writers And Readers Documentary Comic Book)

Synopsis

The advice in the I-Ching has been consulted by the kings of ancient China and it is still appealed to by innumerable people around the world to this day. This book offers a brief accounting of the famous Chinese oracle, instructions on how to develop hexagrams, and a concise, readable summary of each of the book's 64 responses to questions, as well as appropriate excerpts from the ancient texts and modern-language explanations.

Customer Reviews

I am a great fan of all "...for Beginners" books. Thanks to the great creative illustrations, they make something easy to understand without reducing the content's level of intelligence. Although this book cannot replace the actual Yi Jing (I Ching) text itself (which is at times rather cryptic), it serves a great easy-access starting point to the oracle that has outlived all others. There are also many useful resources online. My next step will be getting a copy of Wilhelm's German translation of the actual Yi Jing.
