Synopsis

For a short period only, get this in depth book for \$2.99. Regularly priced at \$4.99. Read on your PC, Mac, smart phone, tablet or Kindle device. Enhance Your Everyday Life with the Amazing Benefits of Mindfulness. Mindfulness is a form of awareness, of the present moment. Mindfulness is a way of life, a new way to be, free of stress and anxiety. It is a way to experience your thoughts, sensations and emotions, without trying to control them, untangle yourself and be free. Its viability has been expounded by everyone from the Buddha to modern medical practitioners. This book is your brief, practical guide to making mindfulness a part of your life through a range of techniques, which combine aspects of Buddhism, modern medicine, yoga, meditation as well as art-based methods. Being more mindful is a sure shot way to tackle stress and anxiety in your daily life, with long-term goals of inner peace and harmony. The great thing about mindfulness is you can use its techniques anywhere, anytime. There are a range of simple exercises in the book. Use them as guidelines in your mindful journey. Start small. Stay focused. With regular practice, they will also improve your mental health, overall brain function and physical well-being apart from other benefits. There is no down side to being more mindful, and this is just the book to help you get started. Here Is A Preview Of What You'll Learn... What is Mindfulness? Brief history of Mindfulness "from Buddhism to Zinn Mindfulness and modern practice Practical Simple exercises to be more mindful Mindful activities for children and young adults in distress Yoga, meditation and mindfulness Essential qualities of Mindfulness Quick re-cap and easy tips for busy people Much, much more!!! Customer Reviews

I love this book! I meditate frequently to lessen my stress, but I'm always looking for books that can give me more techniques in terms of finding an inner peace. This book on mindfulness is one of the best ones that I have read. It is very well written and easy to understand and implement.. When I saw this book I knew it was one that I had to read. I've read a few other self-help books on eliminating stress and a few other meditation tutorial guides. I've never read a book that combined both of those things into one, and because of that, I found this book to be very helpful. There was so much to learn and apply that I didn't want to stop reading until I had learned everything that I could. I cannot tell you how much useful information is in the book. This book has everything that you need to get your life under control. It is a great way to de-stress and I have found that it has really helped me to focus more on my studies and at work making them less stressful overall in general. On that subject, this book has taught me to enjoy my surroundings in a way that I never thought possible. It has shown me how to use my mind to enjoy everything around me. I have been so much more engaged in the moment than I ever thought possible. My relationships have been helped by what I've learned as well | People tend to enjoy talking to me more now because I stay present and engaged in the conversation. This book will teach you all that you need to know about how to improve your mindset using everyday techniques. I'd definitely recommend this book to anyone who already meditates or who would like to start meditating. If you are hoping to use meditation as a way to create a more mindful outlook and to live a more peaceful life- this book can be a fantastic benefit to you. Very well-written, easy to follow, and great for both people who are beginning meditation and who are experts in the practice. Good job!

I know the author of this book Michael McKenna. His books are drawn heavily from his own anxiety and depression battles. I was asked to leave an honest review on his book. Mindfulness is a way of life, a new way to be, free from stress and anxiety. This book provides practical steps on making

mindfulness a part of your life. There are range of simple exercises in this book which can improve our mind and physical well being. Start youe mindful journey. Personally, I would like to take some steps given by this book since life is full of ups and downs and sometimes they are hard to deal with.

This book will help you to understand more about Mindfulness. This complete guide will explains you everything and anything you need to learn about mindfulness. You will be able to know how you will reduce your anxiety, have the inner peace you always wanted to have and achieve the happiness that you wanted in life. This book also provides you information on how you will have a stress free life. There are also a lot of tips and guides on how to practice mindfulness. Great self help book in reducing stress.

Enhance your everyday life with this amazing book. Mindfulness is a form of awareness, of the present moment. Mindfulness is a way of life, a new way to be, free of stress and anxiety. It is a way to experience your thoughts, sensations and emotions, without trying to control them, untangle yourself and be free. This book describes everything about mindfulness and some of the exercises is just awesome... Personally I love this book. Highly Recommended :-)

I feel so stress every after work shift and I'm wondering how can I release this and have a peace of mind. This book by michael enlighten me to everything I need. He taught everything about meditation and how this ritual can eliminate stress. I applied everything I learn from this book and I got the inner peace that I'm looking for. A Great guide for everyone. If you always feel stressful you will definitely needing this book. A highly recommended book.

This book provides everything you need to know about the benefits of mindfulness. All chapters presented are well defined and mind provoking. Mindfulness is one aspect of meditation that has not been discussed extensively in this book so far. Many people think of meditation as being synonymous with mindfulness. If you were accompanied by the instructions in this book you will learn how to meditation and mindfulness becomes your lifestyle

There is a book that I am assured each of us need in this passage of time because this is the book that teach you about how to get inner peace and harmony without any stress and anxiety. This book has provided meditation exercises with Buddhism and yoga that works as enlightenment. I highly

give preference for reading this guide book.

With all the stress work has given me every day, I need mindfulness. This book made me think how important to relax and set our minds free. It's true that we just need to take a deep breath and feel peacefulness within ourselves. I like the techniques given to meditate properly. A must have read book in order to be stress free.
