# Shelby Nichols Adventure Box Set Books 1-3: Carrots, Fast Money, And Lie Or Die

## Synopsis

This boxed set features the first three novels in the #1 Best Selling Shelby Nichols Adventure Series, collected together in one low-priced volume!

**Carrots: A Shelby Nichols Adventure, Book One** Shelby's life changes when she stops at the grocery store for some carrots. During a bank robbery, she is caught in the cross-fire and grazed by a bullet to the head, leaving her with the ability to read people's minds. Not only is she hearing what everyone thinks about her, but the gunman who shot her is out to silence her forever. In her fight to stay alive she is saved from certain death by a handsome hit-man with ties to organized crime. This pulls Shelby even deeper into danger, where knowing someone's thoughts can not only hurt her feelings, but get her killed.

**Fast Money: A Shelby Nichols Adventure, Book Two** A trip to the mall gives Shelby the shock of her life when she finds an extra five million dollars in the bank account Uncle Joey set up for her. She thought he was out of her life for good, but with this huge deposit, she's not so sure. Soon, all kinds of people are coming after her for a piece of the money, and her survival becomes a matter of life and death. Can she figure out who to trust in time? Or will this fast money be the end of Shelby Nichols?

**Lie or Die: A Shelby Nichols Adventure, Book Three** Shelby has her hands full managing her new agency. Her first case to track down stolen bank money leads her into the lingerie business where nothing is as it appears. She also finds plenty to keep her busy with Detective Harris, AKA Dimples. But all that pales in comparison to what she must do to help Uncle Joey, the local mob boss. When Chris receives threatening notes, and Hodges turns up dead, it is up to Shelby to determine what is going on and who is behind it all. Soon, Shelby must use all her mind-reading skills to stay alive... and her only option? Lie or Die.

## Customer Reviews

I'd read the first book, "Carrots," previously and loved it, so when I saw this set of three books I grabbed it even though I already had book one. I worried that the second two would not be as good, as I've found with many series books, but to my delight I loved them too. Shelby is still the lovable and rattle-brained girl that I loved in "Carrots," and her relationship with husband Chris, Uncle Joey and Ramos are just as fun as the first book. Now I've ordered the fourth in the series to see what happens next.

Fast paced , laugh out loud funny . Love all the characters. I'm glad this is a series as I can wait to see what happens next

I really enjoyed these books and did not notice any typos or other mistakes. Good writing, lots of twists and turns, likable characters, and it was funny. Best of all, each of the three books in the bundle was complete with a beginning, middle and an ending--no cliff hangers (which has put many an author on my "never buy another book from again" list). Good job Colleen!

For a fast-paced scene and set up, the initial pages were so dragged out. Good writing is precise and impacting. Needs editing, mistakes were distracting. Could not continue reading every teeny detail about the carrots and the rain and getting wet and...blah blah blah.

. If you like Janet Evanovich's Stephanie Plum series, I think you will enjoy this series. I really liked the super power twist and I loved Shelby's nick names for people. The development of the

characters seemed natural and unrushed.Ok, I'm not really great at writing review, I just think if you give it a try, you will get sucked in and can't put it down.

What a great series! Shelby is so funny and relatable, I love all description in the books, it gives a great sense of place and you really feel like you know the characters and the locations!
