Vintage Wisdom Oracle

Synopsis

Vintage Wisdom Oracle deck presents 52 lavishly illustrated oracle cards infused with the beauty and inspiration of goddesses, divas and muses from bygone eras. Rich in symbolic detail, these nostalgic montages have been artfully crafted from French vintage postcards and sepia family photographs, embellished with delicate flowers and lace. This exquisite gift set includes an 80-page guidebook filled with evocative insights and timeless feminine wisdom, as well as five custom card spreads.

Customer Reviews

This oracle deck gave me the oooh's and ahhh's before I even opened the box. Victoria Moseley says this deck began with her designing a business card for her clairvoyant readings. The images are antique Victorian in style but there's more...each card is layered with symbols that will be sure to enhance your intuition. The boxed set comes with 52 illustrated cards and 80 page guidebook. There are 5 illustrated spreads in the guidebook and instructions on how you can use your deck. I love the practical approach presented by Victoria Moseley. The card backs are as lovely as the images on the front of each card. Reversals are up to the reader but are really not needed with this deck. The cards are high quality with a silky feel that makes shuffling a soothing ritual. A keyword is printed on the front of each card which corresponds to the keyword descriptions in the guidebook. There is nothing harsh, garish or obscene in this deck-it can be used to read for any client. I have to say that this is one of the nicest "Vintage Lady" decks that I have seen. The images are clear yet they convey mystery. It's an interesting effect that I think you will like. This deck is perfect for those who

love Vintage, those who like gentle images and those who are as intrigued by ephemera as I am.

This is probably going to become my favorite oracle deck. I resonate with the images, it is as if they bring out my more feminine energy that is not always apparent. This is a very soft yet powerful deck. Paris, beautiful gardens, antiques, corsets, tea, sitting at your vanity applying rouge. Wandering through the forest accompanied by a bird on your shoulder or a butterfly beckoning you to a small pond. The nurturing energy of mother, the genuine honesty from a friend who was your best interests in mind. The woman who has been to hell and came back stronger, more sure of herself yet still has compassion and hope. The artwork/images are so beautiful and the messages are simple which I feel allow your intuition to blossom more, especially if you are new to reading any type of cards. Cardstock is good, has a matte finish which, I feel, add to the vintage look of the cards. Backs are non reversible which isn't a big deal since it's not a tarot deck, although I prefer that style. Backs are sepia brown tone with scroll designs, flowers, and the middle features a color photo of a woman's face, Pretty and fit the theme of the deck. The book is charming and I appreciate the author sharing the story of how the deck came to be. Even though I am pagan, I love that it doesn't have crystals, chakras, pentagrams, cauldrons or any other new age or witchy stuff in it. Sometime you want to read for others who are not comfortable or familiar with those symbols and that energy may affect your ability to help them. Or maybe you just want to display a card in your cubicle at work, in your bedroom if you live with family, without making people question it.

I confess that the art in this deck is not the kind I would normally be drawn to. Having said that, I also confess that I am drawn into many of the images â€“ for example: Protection (a âœœstatureque warrior goddess stands on the threshold between two worlds. . . Two regal swans, symbolizing the element of light, stand proudly at Protectionâ™s feet.â•) Shadow Self (âœNight has fallen and a young girl pauses beneath a stone portal, perhaps seeking guidance from the raven above.â•) Wisdom (âœThe last rays of the setting sun fall on this portrayal of mythic Athena, the Greek goddess of wisdom, and her wise protector, the Little Owl.â•) Some of the images, I also have to confess, strike me as just plain silly. Itâ™s a personal thing, I know, and has nothing to do with the quality or talent obviously possessed by the artist. There is a definite Victorian âœfeelâ• to these cards, and those who love that period will certainly notice and enjoy. The more I wander through this deck, the more I understand its appeal. I am looking forward to doing one of the spreads provided in the guidebook.

If you are a student of Eckhart Tolle's books "A New Earth" and "The Power of Now", you will rejoice in the messages of this luxurious Vintage Wisdom Oracle. These exquisite cards carry Mr. Tolle's inspirations to a heightened VISUAL level. You witness the Present in the most scenic way. After a few readings with this Oracle, I felt less stress and was propelled to sit in joy of the present moment! There was an inner stillness that came over me after delving into these mesmerizing pictures. If you need a daily dose of appreciating the divine moments of your life, I urge you to purchase the Vintage Wisdom Oracle!!!

Omg- in love! These cards are so artistically beautiful but accurate as well. I love the option of using the different kinds of spreads. This deck will be a definite go to in my collection of oracle cards. Love the divine feminine presence!

Spellbinding! Unique and yet hauntingly familiar images display the inspirational groundwork for an insightful journey. The explanations provided in the guidebook are a pleasing read, leading you into the detail of the images as if reciting a short fairy tale. For me this allowed just enough guidance and provided the daydream like focus of permitting personal insight. My only critique is that I wish the cards were just a tad bit smaller. At 4x6" they are a bit big to be comfortably manipulated..
