Murder Corporation - A Thriller

Synopsis

EVEN GOOD COPS GO BAD...Rookie cop Tommy Boyd learns the hard way that those that wear badges can be as ruthless as those they hunt when he is taken under the wing of Captain Ty Reeves, a self-proclaimed, "Destroyer Among Destroyers." A THIN LINE BETWEEN HEROES AND MONSTERS...Reeves is eager to teach his new rookie that the rules don't apply to his division; the coveted SIS: Special Investigation Section. The section of the Las Vegas Metro Police with the most arrests, the most convictions, and the most officer involved shootings in the history of the city. A CHOICE IS ALL THAT'S LEFT...Tommy sees that Reeves uses his badge with fearlessness and fury to destroy those he's deemed a threat. SIS is well protected and lucrative for those that play along. For those that don't, they're seen as no better than the criminals they chase. When a woman that knows too much comes into Reeves' sights, Tommy must make the choice to protect her, or Reeves and SIS. Stuck in the middle between duty and the corruption and violence of SIS, Tommy must choose which side of the line he's on. But if he makes the wrong choice, he may not be around long enough to regret it. ABOUT THE AUTHOR Victor Methos is a former prosecutor and currently a criminal defense attorney in the Midwest. His more than thirty books have sold nearly half a million copies worldwide. He may be reached through his blog at www.methosreview.blogspot.com

Customer Reviews

If you are interested in crime thrillers, all of Victor Methos books are good. Real easy to read and FAST paced. Read all of his books IN ORDER.

Very much enjoyed this book by Victor Methos, I have read all his Jon Stanton series of books and this didn't disappoint. It's a fast paced book that hooks you in, a very easy read but thoroughly enjoyable.

This was my first read by this author; I am on my second and third. I recommend them all, thus far.

I've read all of Victor Methos' "Jon Stanton" series and enjoyed them all. This novel is every bit as good as they are! As always, the good characters are somewhat dark, the villains are VERY dark, and the action is fast and frantic. The book begins with our protagonist (Officer Tommy Boyd) going up against two bad guys who have Uzis, and all he has is four shots left in his Desert Eagle. Plus, they're all in the dark. So our hero jumps out into the open, where both the bad guys open up on him. He fires two bullets in the direction of the flash from the first Uzi, and one in the direction of the other. "I felt the bullets tear into my flesh. Chunks were flying off me...." Needless to say, he survives, and it just keeps getting better after that. Drawn into the elite and clandestine SIS (Special Investigation Section) of the Las Vegas Metro Police Department by its renegade Captain, Ty Reeves, Tommy is soon immersed in a world of deeply disturbed criminals, and maybe even more deeply disturbed cops. The more he sees of the diabolical criminal element, the more he understands that they must be eliminated. But does that end justify the means that SIS uses? That's Tommy's dilemma. And when he gets intimately involved in those means, he must make a very quick decision. That's all; read it and find out what he does. You will enjoy this book!

This is the third book I have read by Methos. One was good, two were okay. This is one that is just okay. If you like detective thrillers you will probably like this book, so read it. It is short; even if it turns out it wasn't for you, it will be a fast read. Methos is a good writer, and with reading even when he is not at his best.

One of Victor's shoot em up and knock em down books. Not as deep as most of his writing but good to pass a few hours. Fairly standard story line rookie cop with guts and wanting to do what's right gets involved with a police squad that definitely doesn't do things by the book. To most they are film

star cops but there is a growing resentment from I.A.D when a number of suspects turn up dead! There is the usual romance in between the shooting punch ups and murders with a predictable ending. 3 stars is about right for this one.

The book was a quick read that held my interest, but it seemed like it lacked full-bodied richness and flavor. There were a number of points where the suspense could have been expanded and filled with more detail, but where the scene just jumped to an expected conclusion. Like many of today's movies and TV shows, the author had to add an element of vulgar sex with the assumption that titillating some reader's pruritic interests somehow compensates for good writing. I was surprised to see this type of dialog in a book with a Biblical quote in the preface. The author appears to have talent in developing a story line and hopefully with more experience and refinement he will become a credible author.

Unlike many new self-published authors, Victor Methos really cares about his craft. The book is well written and edited with care. It is a quick read, fast-paced with good character development. Yes, many of the characters are caricatures, with the corrupt evil cop, the innocent cute Hispanic girl and the moral-keeping ex-soldier. The cliches notwithstanding, the action is good and fast, as long as you can suspend disbelief for just a while since after what seems like years of this corrupt cop force running their own show, it all comes apart in two days. But it does keep the pace quick! All-in-all, a fun read and I would gladly pick up other works by the author. You won't waste your time or money reading this book.
