Synopsis

Learn The Art Of Tantra And Take Your Love Life And Performance To Another Level With Exciting And Practical Methods! **BONUS:** When you buy this book, you will also receive my free e-book on 21 Sex Positions To F*ck Her Brains Out within this book! Most people understand quality relationships are not completely about sex, but sex does play a large role in determining the strength of the connection to your lover. Many people focus on being a "Good husband or wife" by being reliable, caring, and helping provide for each other to name a few, but sadly, in many relationships, the sexual aspect goes neglected, and is the cause of many unsatisfied marriages, breakups, and divorces. By learning and applying at least some of the information in this book, you will be able to become a more sexually desirable and appreciated partner, or at least improve your sexual prowess for the future.

Here Are Five Questions You May Want To Ask Yourself

1. Has my love life lost excitement and satisfaction?
2. Do I become frustrated at not being able to please my partner the way I want to?
3. How can I improve my sex drive?
4. Do I ejaculate too quickly and feel embarrassed during sex?
5. Is my partner losing respect and desire for me?

If any of these thoughts apply to you, then have no more worry, you will learn how to overcome these problems in this book!

Here Is A Quick List Of Some Things You Will Learn...

- *Multiple sex positions and techniques for oral, masturbatory, vaginal, and anal sex to increase excitement and pleasure, and add more orgasms to your lovemaking.
- *How to use the correct methods of foreplay in numerous creative ways, and the top five sex positions to achieve maximum climax and pleasure.
- *How to overcome the problems of premature ejaculation for a man and finishing before the woman has an orgasm, leading to disappointment and frustration.
- *The core principles of the Tantric Art and how to apply its spiritual methods to improve the lovemaking experience.
- *Two powerful Tantric massage techniques to prepare for increased pleasure before sex.
- *How to eat the correct kinds of foods to increase libido, and improve energy for sex.
- *And much more!

Customer Reviews

The book is more about gaining a further connection with your mate, taking your relationship to the next level, a spiritual level and treating sex as the sacred act of bonding that it really is. Tantric sex has been around for 5000 years and dates back to ancient Hindu teachings. In Tantra, an organism is an afterthought and is more about sensuality and shared energy. Breathing is important as is eye contact and meditation. This book is an absolutely beautiful approach to sex. A Great intro to tantra, Tantric sex is good for you if youâ™re looking for something new to do in bed. Tantric techniques can boost your sex life and thrill your partner, great tantric guide and awesome techniques and tips. This book is straight to the point, every couples must read this book it helps

you to spice up again your sex life, Multiple orgasms, in men and woman and how to achieve them. I decided to talk to my spouse about giving some of this a shot. We put it to the test and after a few weeks the results were electrifying.

I didn't ever think there could be any actual instructions on *improving* sex or *preventing premature ejaculation*. Reading this book on both those subjects is a surely insightful, entertaining and revealing journey ;) This book defines many spiritual topics related to improving one's lovemaking. Its truly shocking for me that there is an actual concept on that. Tremendously intriguing book and also sorta wordy. I saw that there are no images whatsoever about the positions, and so I had some jumbles trying to figure out the word description. But it worked out after several tries. ;)

Good book with lots of information about sex. I learned too much from this book about tantric sex and the ultimate benefit of sex to be a happier person. This book would really be helpful for every couple or marriage to make their sex life great. A great for beginners for those who was curious about tantric sex. Well worth reading and i definitely recommend this book to those interested in tantric sex.

Long ago, people does not have any idea how to go about sex and what it is all about. Most people do not realize how to perform the activity and if they are actually doing the right thing. As I have read along the pages of this book, I learned a lot about love making and its perks. Sex is a skill that one can learn and master in order to provide self pleasure and to your partner as well. What I like about this book is that it teaches the different secrets on how one can control the act and prevent premature ejaculation which can cease the enjoyment.

This is a very good, very well written book on a subject that is seen as strictly taboo in most societies. To get the most out of lovemaking most people aren't "naturally" experts. So there is no embarrassment in reading about different techniques in order to improve your performance and the enjoyment of you and your partner. The author has explained this subject in a thoroughly mature, responsible and adult way. I would recommend as many people as possible to read this.

If you are looking for something new to do in bed then this book for you. It has a good introduction to Tantra, Tantric sex. The authors thoroughly, describing topics mature adults and responsible way. This book aims to improve and save the relationship you by post or sex for you, teaching

techniques and tips that can be applied previously. I really enjoyed it.

A Great intro to tantra, Tantric sex is good for you if you're looking for something new to do in bed. Tantric techniques can boost your sex life and thrill your partner, great tantric guide and awesome techniques and tips. This book would really bring up a couple's' perspective towards their sexual relationship not just physically but also mentally. I highly recommend this book, is a great guide to spice up your relationship

This is a very hot book recommended by couple who wanted to experiment and explore things about sex. I really enjoyed reading this book and I have learned ample things about having an intimate. Our sex with my wife has never been that enjoying and satisfying after reading this book. A very hot hot book for partners who want to have a hot knowing!
