Belial's Brood (Vampire: The Requiem)

Synopsis

Vampire Vandals and Violence From its roots in antiquity to its brutal modern blood-baths, Belial's Brood have been the rampaging barbarians at the gates of vampire society. For the first time, venture inside the vicious culture of Belial's Brood and find out what it is they're after that's worth their very souls. An antagonists book for Vampire: The Requiem, Go inside an immoral, self-destructive society of ferocious, back-biting, bloodsucking barbarians who worship a demon and celebrate sin. Discover a unique bloodline, a new ghoul family and a wicked mystic tradition of blood magic handed down from Hell. Explode Belial's Brood into a fully realized force in your Vampire chronicles or plunge your players into the roles of these brutal monsters with story seeds, complete new characters and a rich history to draw from

Customer Reviews

Belial's Brood is a diabolist Covenant that likely plays the role of adversary in most chronicles, and as an antagonist book, it works well. Beyond that though, this book was certainly the most interesting of the Covenant books, and the material makes for very exciting reading and gameplay. Another storyteller and I devoured this book, and quickly built a chronicle on our enthusiasm for the covenant - the best chronicle our troupe has run to date. For those familiar with Vampire: The Masquerade, the Brood aesthetic falls somewhere between the Baali and the Sabbat. They practice the vaulderie, which forms the crux of member relationships and is backed by a dark spiritual Pursuit personal to each member. Much as the Invictus draws many of its ideological underpinnings

from the Ventrue, the Brood is heavily influenced by clan Gangrel, more specifically its connection to the Beast. The covenant has several factions or sub-cults, which each have their own creation myths (for lack of a better term), favored aspects, and preferred means of corrupting the world. The book's storyline follows a member of the Ordo Dracul in researching the covenant, only to become entwined in its seductions and join. As far as sourcebook fiction goes, it flows well with the source material and makes for an interesting read. The covenant's unique powers, called Investments, are varied, diabolical, and cool. Examples include the ability to call blood to the character, the power to make one's limbs act independently of the body when removed, and the means to permanently move one's soul into the body of another living vessel. There are a handful of new Devotions that incorporate these powers as well. As the basis for roleplaying a group of Brood characters, this book is excellent.
