# The Vedic Experience Mantramanjari: Anthology Of The Vedas For Modern Man And Contemporary Celebration

## Synopsis

One of the most stupendous manifestations of the Spirit is undoubtedly that which has been handed down to us under the generic name of the Vedas. The Vedas are still too much neglected not only in the world at large but also in their country of origin. This Vedic anthology will make direct and fruitful knowledge of the Vedas available to a wider range of people than the small elite of pandits and Indologists. This anthology collects the most crucial texts of the Indian Sacred Scriptures--in all more than 500--newly translated into contemporary English.

## Customer Reviews

We have all heard of the Vedas. We know that the Vedic Canon comprises a huge body of literature handed down orally in India since ancient times. Many of us have heard that it is made up of four collections - the Rigveda, Atharva Veda, Yajurveda, and Samaveda - along with adjacent treatises such as the Brahmanas and Aranyakas. These books undoubtedly exist, written in an inaccessible language, published in large and expensive scholarly editions, and tucked away in obscure libraries. Although we may have run into a translated excerpt or two, for many of us the whole subject has a musty and forbidding air, and we probably concluded long ago that it's something best left to scholars as quite irrelevant to us moderns. But a few minutes spent with Dr Panikkar's superb anthology will show us how wrong we are. Dr Panikkar is a remarkable man, not only for his incredible scholarship - he is a Professor of Religious Studies at the University of California, Santa Barbara, with many significant publications to his credit - but remarkable also for his honesty. He points out that modern man is a diminished man. Despite the superficial excitements of our high-tech world, life for most has become a flat, stale, and joyless thing. It is joyless because we

have forgotten what life is supposed to be, and Dr Panikkar hopes by means of this book to shift our perception of things to a different register, to put us back in touch with realities by reawakening in us something of the joy and wonder in life which was felt by those early and vigorous peoples who sang the Vedas. The Vedic songs represent the most amazing celebration of life that has ever been created.
