# Baby Girl: Memory House Series, Book Four

## Synopsis

When young Cheryl Ann leaves home, she thinks her path is straight until she's forced to make a choice she could never have imagined. The man in her life makes it clear: either pick your baby or pick me, he says. Suddenly, Cheryl finds herself at a crossroads. She makes a decision that will change her life forever, and that decision causes a chain of events that will lead Cheryl to a completely unexpected place. *Baby Girl* is a mother's story. It's about the greatest sacrifice a mother can make when she wants only the best for her child. It's about falling in and out of love, of losing and finding one's self. It's about the perilous journey from passionate young love to happy true love and understanding the differences between the two. *Baby Girl* is a book that readers won't want to miss because it's a story they won't forget. From the Author: This book is based on a true story—a story that is heartbreaking at times but will leave readers with a better understanding of what a woman will do to protect her child. When I first heard this birth mother's story I was touched by it, so much so that I needed to know more. When I knew more, I knew I needed to write my novel. The result is *Baby Girl*.

## Customer Reviews

Ophelia Brown is almost ninety years old. She has lived in the Memory House by herself, protecting the objects that hold special memories. Ophelia has no children or family, so she is anxious to find someone who will carry on her legacy. Finally by chance, a young lady, Annie, shows up on her doorstep looking to rent a room for night. Ophelia dares to hope that Annie might be the one. Over some magical dandelion tea, the two talk, and Ophelia knows that Annie is indeed the one. Can Ophelia convince Annie that there is magic in memories? What I Liked: I am a sucker for magical realism stories as I like to believe that there is the possibility of magic in the real world. Ms. Crosby delivers a sweet and simple story with two unforgettable women who forge a lovely friendship, along with a pinch of magic. If you are looking for a light, quick, cozy read, this is a sure bet. I adored Ophelia Brown. At almost ninety years old, she knows she is nearing the end of her life. Yet, she is as active and alive as ever. Ophelia has a special gift for blending herbs in a way that helps others, almost a bit like magic. Ophelia is wise, and a bit magical. Along with her gift for herbs, she has a talent for being able to glean memories off from certain objects. Every once in awhile, something she handles will impart memories of the past from its previous owner to Ophelia. Ophelia believes that memories have their own life and that it is up to her to share her gift. Ophelia is one of those characters who will immediately draw you in. Annie is a young woman, struggling with the every day burdens of life. A job that has gone sour and a failed romance, lead her on a small getaway. Annie lands on Ophelia's doorstep, and soon, the women form a fast friendship.

True Love and happiness is a life long memory and can last an eternity. It enables you to move forward from any sorrows suffered. This book begins with a young girl named Annie Cross. She works and lives in Philadelphia. Her boyfriend had lived with her for seven years then one day he up and walked out. Annie decides to take a road trip with no destination in mind. She ends up at the Memory House Bed & Breakfast run by Ophelia Browne. Ophelia is ninety years old and can feel happy memories in objects other people treasured at one time. Ophelia has an apothecary shop attached to her home where she makes remedies from the herbs and flowers that she grows in her huge gardens. Ophelia feels the time has come for her to find someone to take over the Memory House. She needs to find a special person who can feel like her for this responsibility. Annie plans to spend the weekend and ends up spending the week. Will staying help her find what she is searching to make her life fulfilled? Will Annie be the one Ophelia wants to take over her Memory House? Will Annie take back up with her boyfriend in Philadelphia when he comes a courting again? This is a beautiful story with beautiful artfully drawn main characters. The supporting characters each bring their own flavor to the story. The author mixes mystery, unexpected twists, romance and humor to

draw you into the story and keep you reading to the end. The mystery becomes explainable as the book totters between the past and the present. This story teaches how we need to learn to love and accept ourselves before we can make the changes necessary in order to attain a happy existence and succeed in this life.
