Customer Reviews

I love this book!!! I find it a very inspiring way to start each day. I keep it by my bed and read each daily passage before I get out of bed. A great way to keep the joy and love of God with you.

Anyone leaning towards attaining a peace of mind for a few minutes everyday. In wanting to know right from wrong written in a beautiful and poetic style; anyone enclosed in the domain of modern superficiality wanting to tear through the murky membrane into a world that ignores materialistic credentials, THAN (it took me a while to get there, I know) this is the book to have. It is a pretty compilation of readings from the Muslim Holy book: the Quran. Followed by a quote from the teachings and observations of theologians and sufi saints of the Middle Ages. A must have!

I've always thought this book was lovely. I keep it next to my bed, or sometimes on my shelf. Through the years I have tried to read the daily reflections, or sometimes just skimmed through it. Each day matches a quote from the Qur'an with a saying of religious Muslim- sometimes the Prophet Muhammad and sometimes a mystic, poet or scholar. Today a heartbreaking event occurred in the community. I opened this book and found the exact right thing I needed hear in this date's reflection. That isn't always the case, but when it is, it is worth the price of the book and

more. This is a great book for Muslims of course. But it is written in plain English, and the reflections are such that they can appeal to anyone. It is a much more spiritual book than one of law or dogma.

This book is my daily go to. I have given this book as a gift to my closest friends. However, shortly after I received/purchased the books the pages of my book began to separate from the binder. If this had not occurred my rating would be a 5. My friends have not alerted me of any problems with their books. Hopefully their books are okay.
