I have a 9 year old little girl and this was a great way to carve out special time together and get to know each other better. This book has all those things you want to say to your daughter--that she is beautiful beyond what the world calls beautiful, and she is worth more than the world tells her she is--and it is all in one place, ready to help you communicate it well to your daughter. This book also helped both of us strengthen our personal relationship with God. I HIGHLY recommend this book! I wish my mother had a resource like this when I was young!

I started to use this book with my daughter and 4 other moms and daughters this summer in my church. The girls' age are from 9 to 11. We finished our second dates this Sunday. We had a lot of fun and laughter. Some moms commented that those dates has enabled them to have one to one time with their daughters and to have a chance to clarify some misunderstandings among them. Girls have requested more tea party with moms. The video clipping on Dove Evolution also has helped them understand how media has created unrealistic beauty standard. Also, moms also expressed that the book help them their own difficulties in body image. We are looking forward to other 6 dates.

There are so many mothers that will just ignore this fragile part of their daughters life because their attention is elsewhere only half heartedly paying attention to her. :(This book shows what every girl deserves: love and preparation! And Attention!! This book is a must!

I bought this book for my daughter, who's child is now 11 going on 25yrs old. When my daughters were preschool age I told myself "you only have until they are 16yrs old to instill all the values you want them to have in life. After that, the choices are all theirs".When you are the Grandmother, and not as directly making these choices, you want to do anything you can to enable your children to raise their own children to have integrity and good relationships. I saw that this book has many great ideas similar to things that I did that worked with my girls. A helpful tool so that my daughter can plan her own mother /daughter adventures without me putting in my "two cents worth" verbally.

The best book I've purchased in a very long time. We've already completed 2 dates, and my daughter keeps asking for more. Trying to take time in between to lengthen the experience. Truly, will change your relationship with your daughter in addition to the amazing life lesson she will be learning.

I purchased this to read for my 13 year old. I love the lessons and talks about inner beauty, and teaching you are More. This is something we should be teaching our daughters in a world that teaches them outer beauty is everything. This book says for tweens and teens but depending on your daughter I really think this needs to start at the tween age. I still used it but had to tweek it a she was a little past most of this, and this would have been a bit corny for her. But it is a great book.

I've read through this book and cannot wait to go on these dates with my daughter! I think this is just what our daughters need in learning about their bodies and starting to talk about the things related to puberty.

I am not a mom, but a Jr High Sunday School Teacher. I was doing a "Beauty Within" Study with the girls and used one of the "date" ideas from the book. It was fun and a teachable moment that I hope the girls won't forget.
